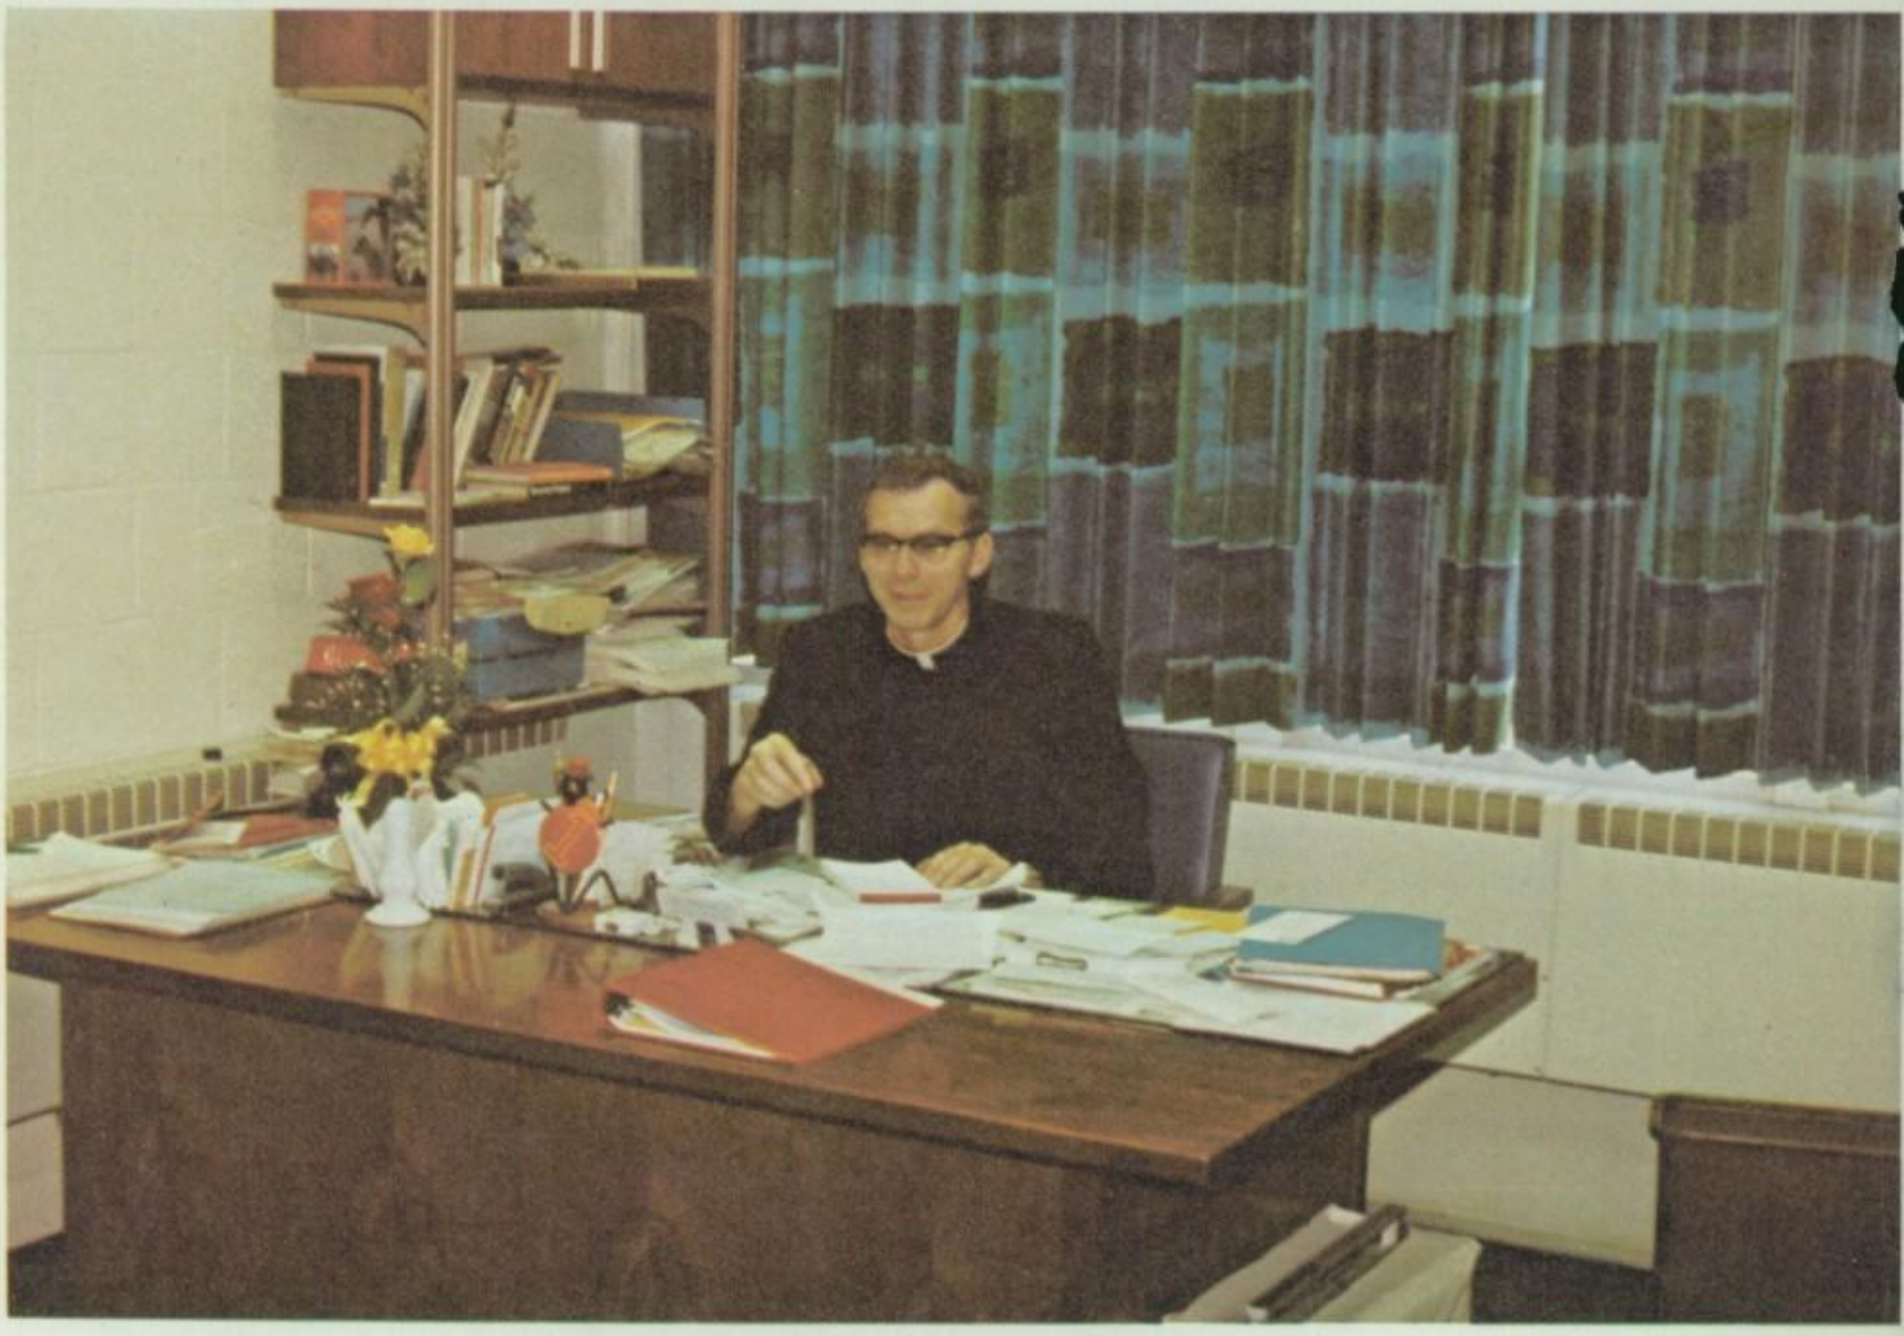
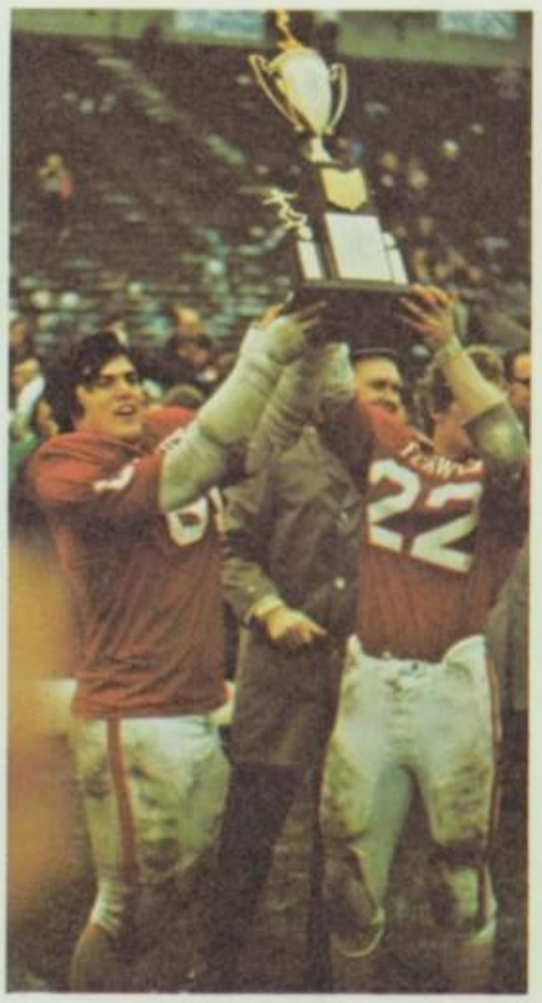
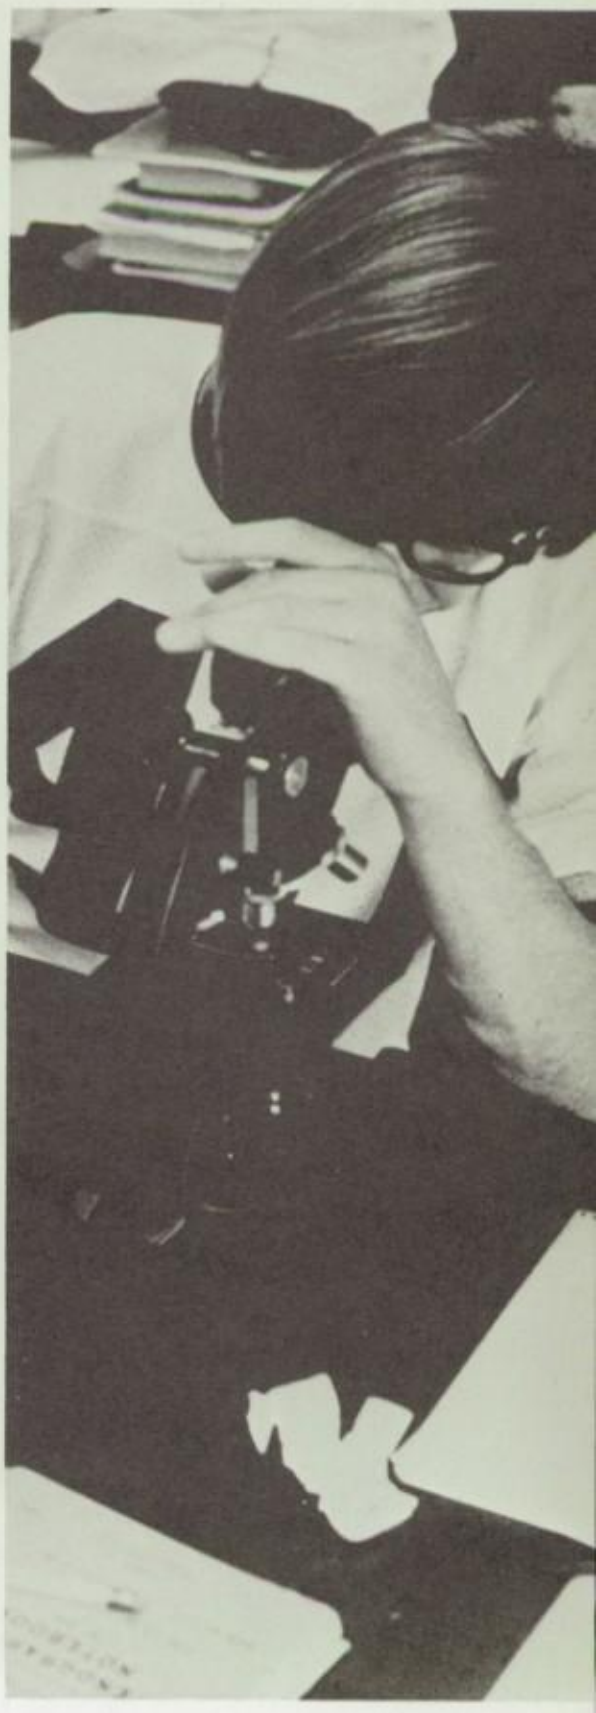
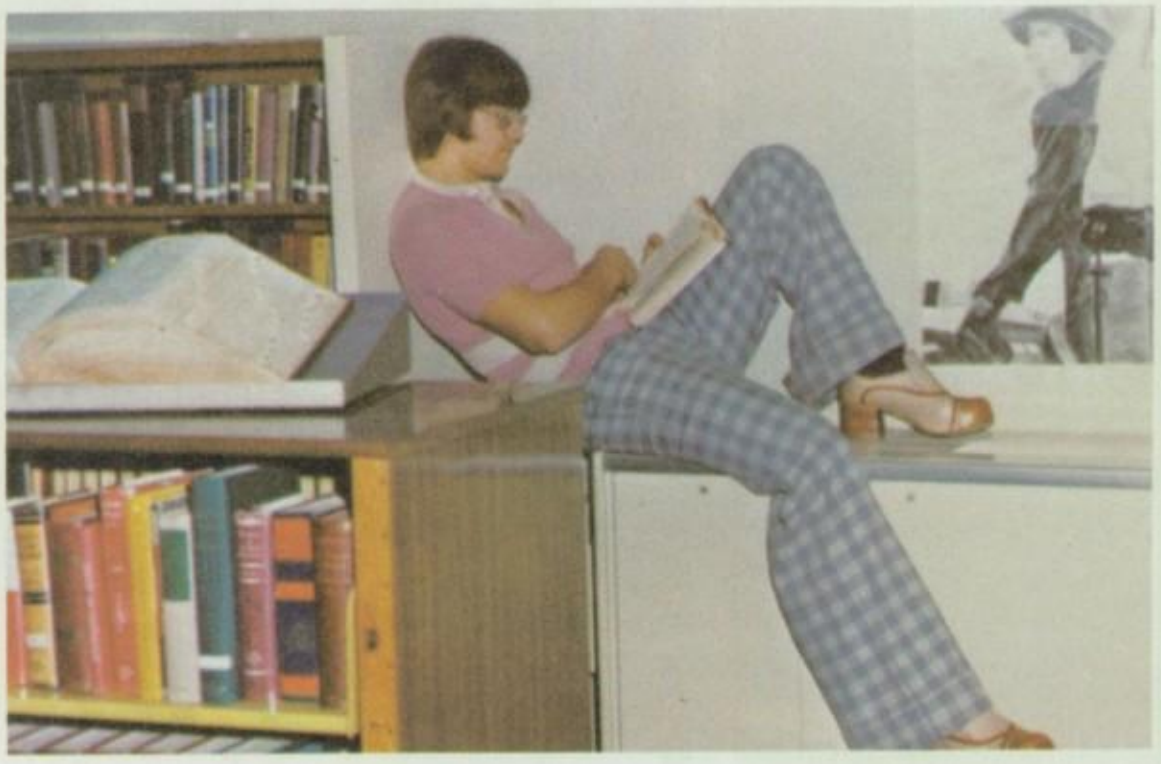
The TURRES Staff proudly presents the 1973-1974 Yearbook for Fenwick High School... 400 copies for 400 people, each printed alike, each seen so differently... 400 people who will disperse throughout the world, but be united by a book-one book with a mystical attachment that makes the world so small... so we can look back when we are older and laugh at the silly things we wore, laugh at the stupid things we did, remember all our games, remember all the people that we laughed with, and try to hear that laughter again... remember all our teachers, remember all our dances, remember all the hovering over

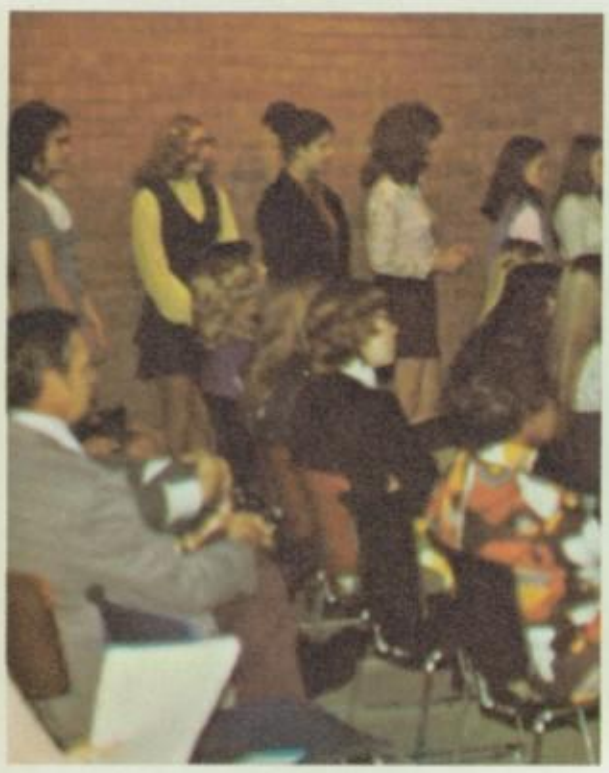




MONOPOLY

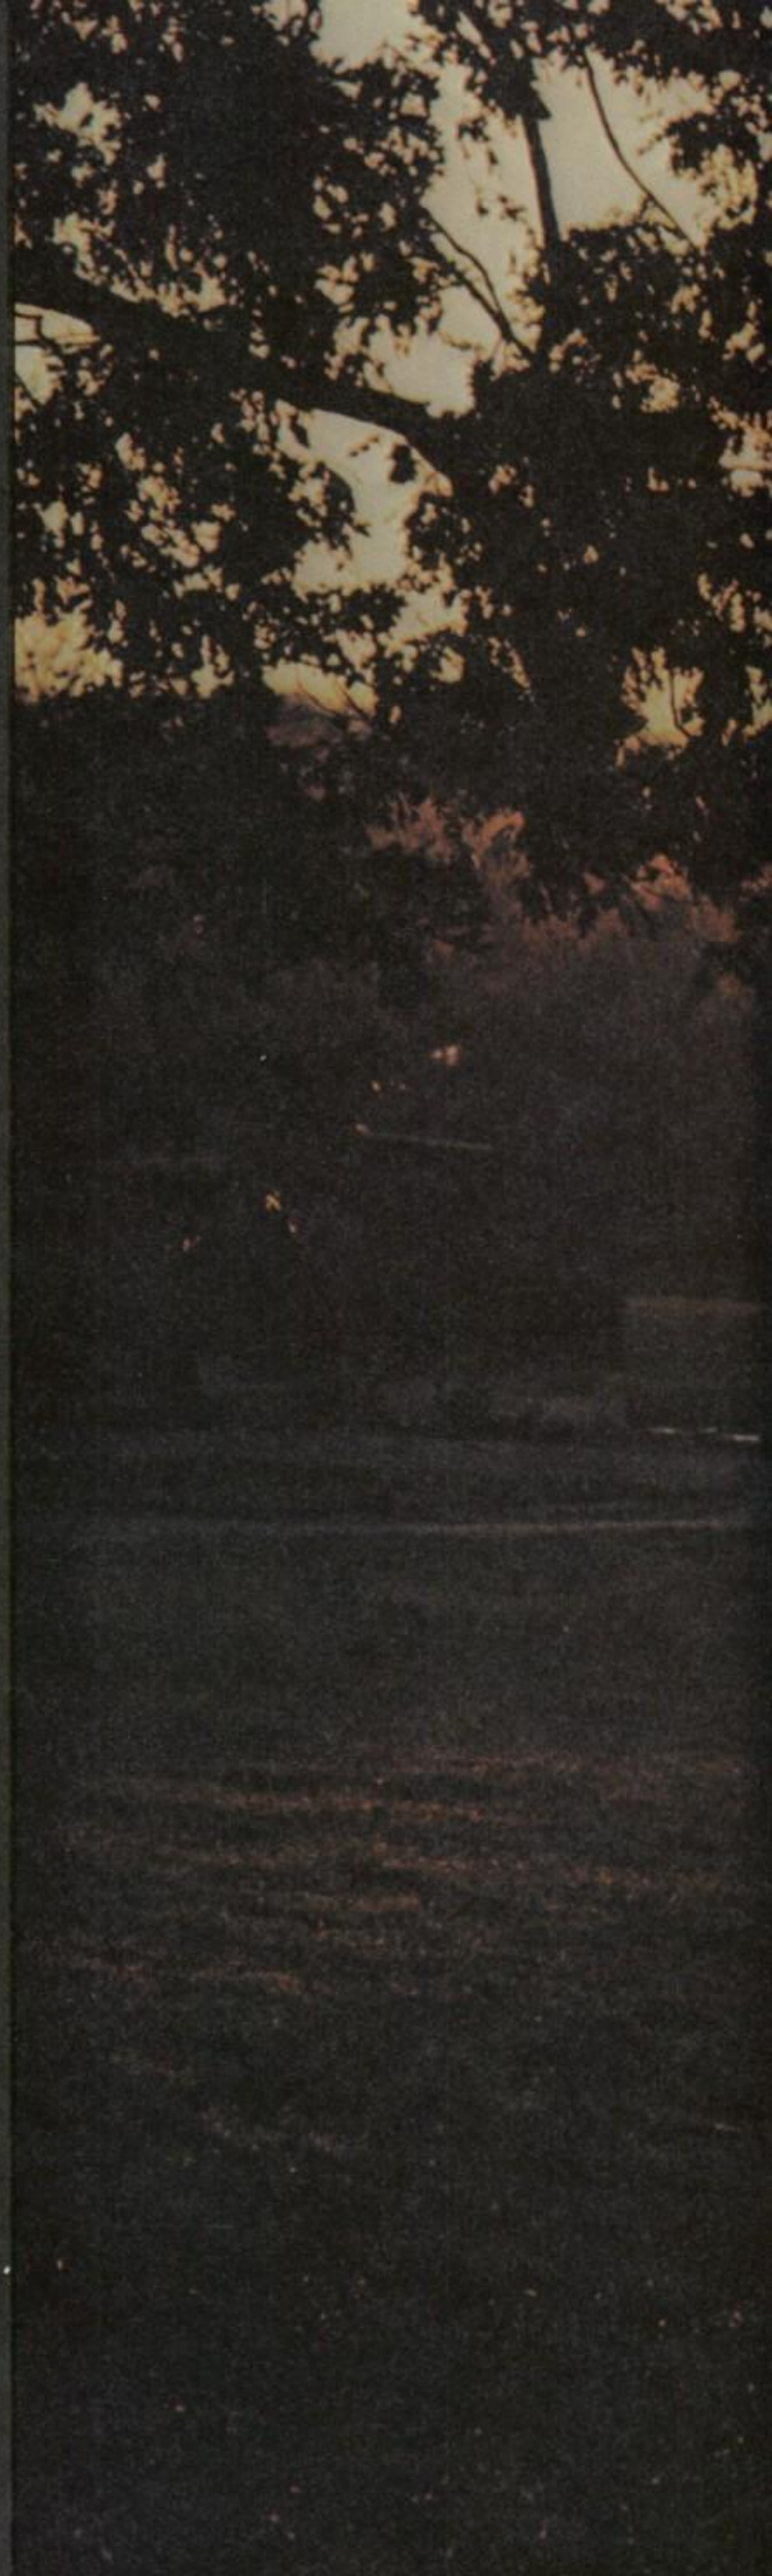






In our yesterdays
we glanced at this world
and said, "Here it is."
Now we gaze at the universe
and ask, "Why is it?"
"Why can't it?"
"When will it?"
We arise from our nests
of passivity
And, as the warriors once left
on the Crusades for Christiandom,
We begin our Crusade of Knowledge,
never hesitating with thoughts
of the security of the homes
we have left.
Rather, we trudge down the lane
which we feel must lead
to our goals,
stopping constantly
to gaze with wonder,
wishing we had more eyes
to see the beauty,
wishing we had more hands
to feel the softness of our land,
that we may grasp the whole.

We tire easily on this long road
and we lie in rest.
But our rest is never sufficient;
Our time is too short.
Feeling we have missed part of this
mysterious world,
We glance back;
but by focusing on the past,
we miss the present.
Clinging to details,
we lose our world view.
And we cry from the futility
of our mission.
But our time is not lost;
For our cause is just.
Our triumphs are many.
Our perception is becoming
universal.



We are learning.
Our walk has been long,
But it is just beginning.

MONOPOLY

Run and fight
and work and
plan -
Make the world be you.

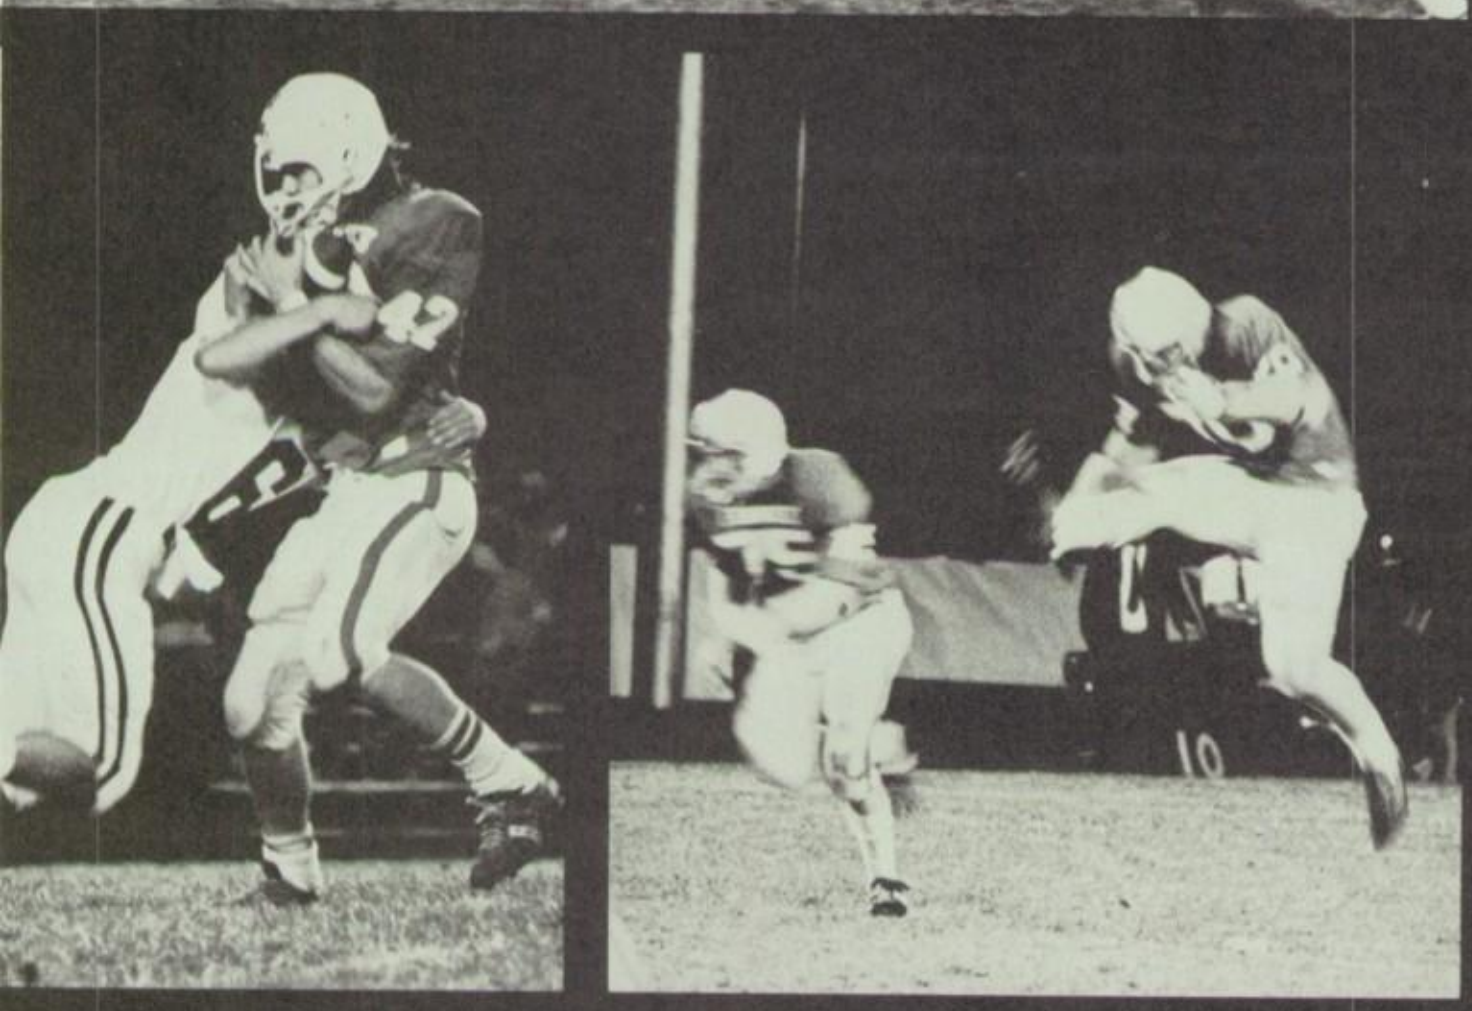
FENWICK
FENWICK



The Fighting Falcon Football Machine made an unprecendtedly fine showing finishing with a 9-1 record, the best in Coach Jerry Harkrader's or in Fenwick's history. The previous record of 8-2 was set in 1968.

Tasting sweet victories over arch-rivals Monroe and Franklin, and newcomer Portsmouth Notre Dame, the Big Birds fell only to Talawanda. Led by co-captains Greg Klapheke and Fred Schwab, the Falcons allowed only 9.0 points per game, sporting one of the most feared defenses in the Mid-Miami League.

On the other side was one of the most powerful offenses in the league. Klapheke, Mickey Roberts, and Mike Harkrader ground out sizable ground gains while the strong arm of Tom Bruggeman threw to his talented receivers Mike (Biff) Smith and Gene Lolli. All toll, the offense averaged 29 points per contest.

Such outstanding performances gave "Harkie's Head Hunters" not only 1st place in Region 12 of the computer poll, but also the honor of returning to Columbus for another shot at the State Single "A" crown for the second consecutive year.

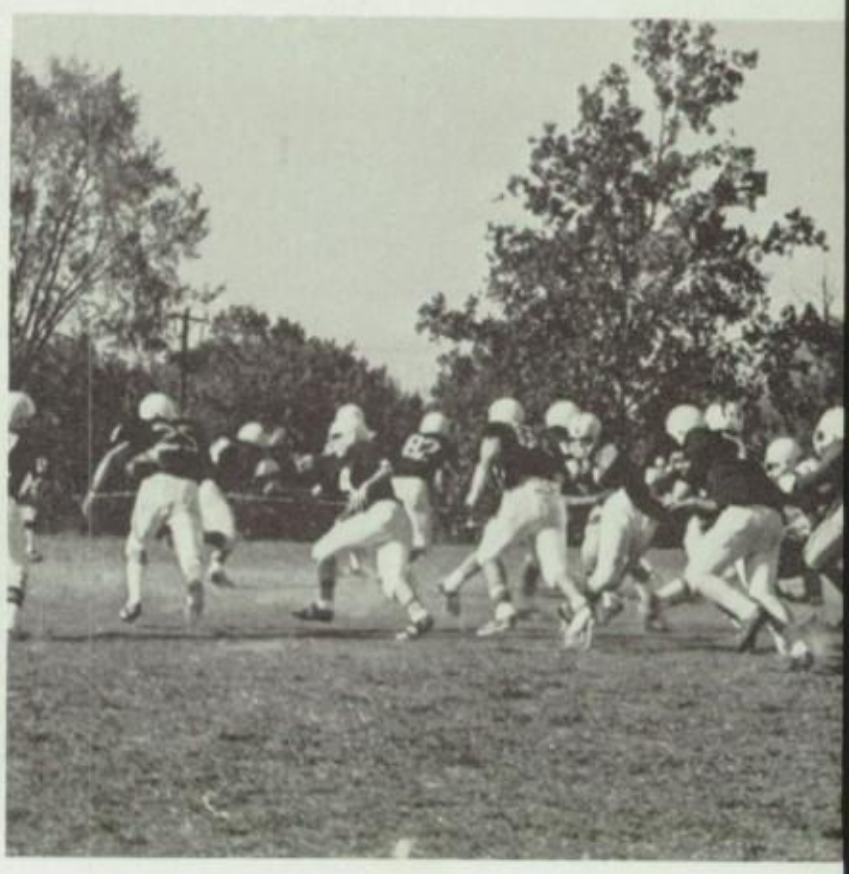
JV, FROSH WRAP UP

The Junior Varsity squad got off to a slow start with the cancelations of their first three outings. But once they were on their way, they were hard to stop. After turning in victories over Lebanon, New Miami, and Franklin, they fell prey to the Monroe Hornets. Recuperating from their loss they stomped Lakota the following week, finishing up the season with an impressive 4-1 record.

The Frosh, however, had problems from the start with only 18 players. Even though they turned in an 0-8 record, they did prove to have a good backfield with leading scorer Mike Fassler and quarterback Mike Bruggeman.



OHIO CLASS A FOOTBALL CHAMPIONS

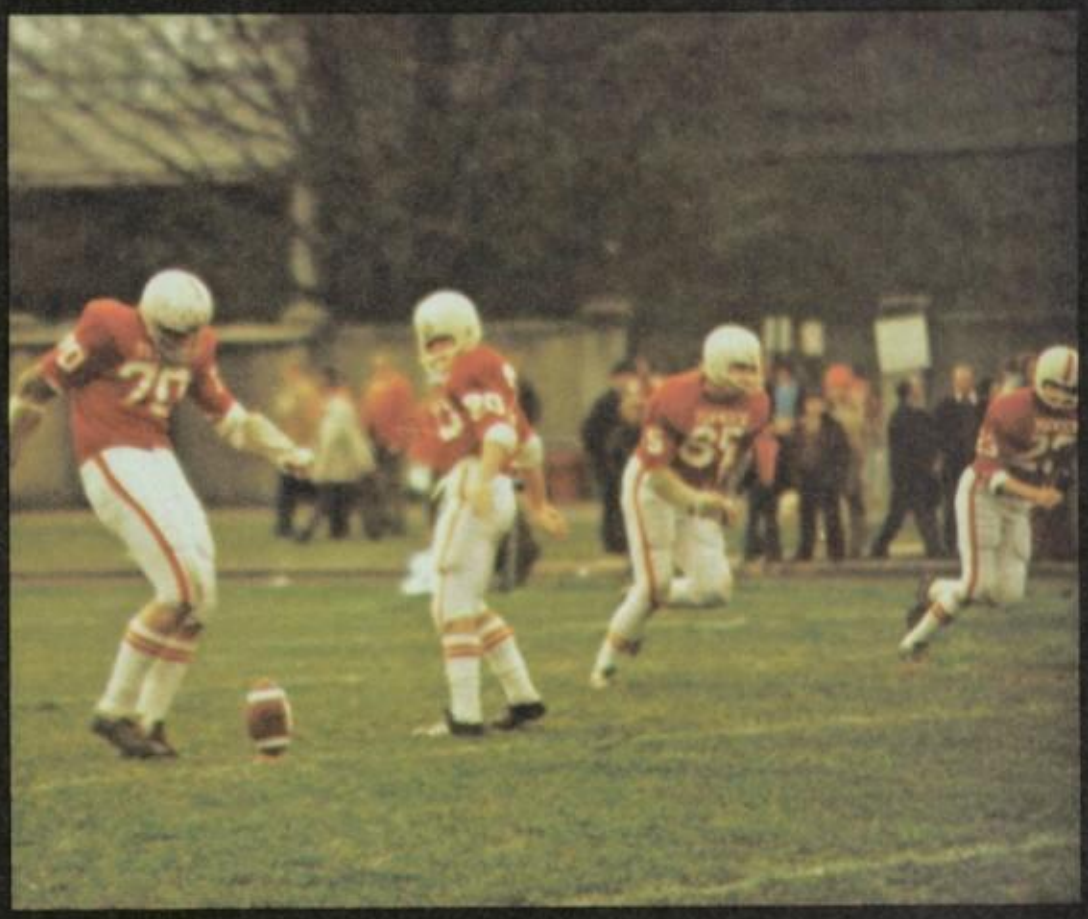
It all started with the finest regular season Fenwick football has ever enjoyed; it continued with the crushing defeat of Class A powerhouse Portsmouth Notre Dame; and it ended with the whipping of two teams in the State tournament to bring the first state championship to Fenwick in its 21 year history.

Coach Jerry Harkrader and his Falcon gridders had something to prove after their semi-final loss to Lorraine Clearview a year ago. They went into this year's tournament with determination, confidence, and pride; and they came out with the Ohio Class A Football Title.

Going to the tournament depended on the regular season and its record. Harkie's men responded with a magnificent season and a 9-1 standing. It also depended on the last game of the season; and, again, the Falcons responded with a 33-0 victory. From there it was on to Columbus!

In their second trip in two years to Upper Arlington Stadium in Columbus, the Birds used their experience and whipped semi-final Ashtabula St. John 16-0. Fullback Mickey Roberts scored first on a one-yard plunge. The second quarter saw Matt Clemens kick a 39-yard field goal and quarterback Tom Bruggeman throw a 23-yard touchdown pass to Eugene Lolli, That was all the scoring the Falcons needed. Their tough defense took care of the rest.

In what was probably the finest game played all year, the Birds emerged state champs by crushing the Montpelier Locomotives, 27-7. After the jitters wore off and the game got under way, the Falcons were doing what came naturally - holding their opponent, then marching down the field and scoring.



It happened twice in the second quarter, resulting in short runs from Greg Klapheke, who accounted for both first half scores. As the defense continued to hold the Locos, the offense put another two scores together in the second half when Bruggeman hit Mike Smith with a 24-yard TD pass and little Mike Harkrader sprinted 52 yeard around left end for the final Falcon tally.

Co-captains Klapheke and Fred Schwab provided the team with their leadership and inspiration throughout the season. They, along with seniors Frank Nemcic, Greg Braun, Brian Mahany, and Mike Smith led a stingy defense and thus played an important role in the unprecedented success of the Falcons. In the last three crucial games of the year, the defense yielded only one touchdown, and that in the fourth quarter of the final game.

It was by far the greatest football season Fenwick has ever enjoyed on the gridiron, with many records shattered and a few new ones set. It was the first time a team in southwestern Ohio had taken a state football championship.

But with all the publicity and deserving compliments paid the Falcons, one can sum up the entire season in just three short, but highly significant words: "WE'RE NUMBER ONE!"

Mr. John "Butch" Rossi-Head Coach

The 1973-74 Basketball team felt the pressure of the bigger schools as it dropped eight of its ten regular season contests to their larger rivals.

Under Coach John Rossi the Falcons went 2-5 in the Mid-Miami League and netted sixth place. In regular season play the Birds won eight against ten setbacks.

Junior Martin Bidwell led the Falcon scoring attack with a 17 point average; juniors Nick Schramm and Matt Clemens followed with averages of 11 and 10, respectively.

In the Falcons' 90-64 win over Mason, Bidwell set an all-time Fenwick scoring record by pouring in 44 points, breaking Ed Kovach's mark of 41 points set in 1966.

Senior Tom Bruggeman was a consistent rebounder, averaging 8 per game. He did, however, have his hot night shooting against Monroe by canning 28 points, his personal high.

The Falcon tourney trail was cut short when the squad fell to seeded Tri-Village, 66-51.

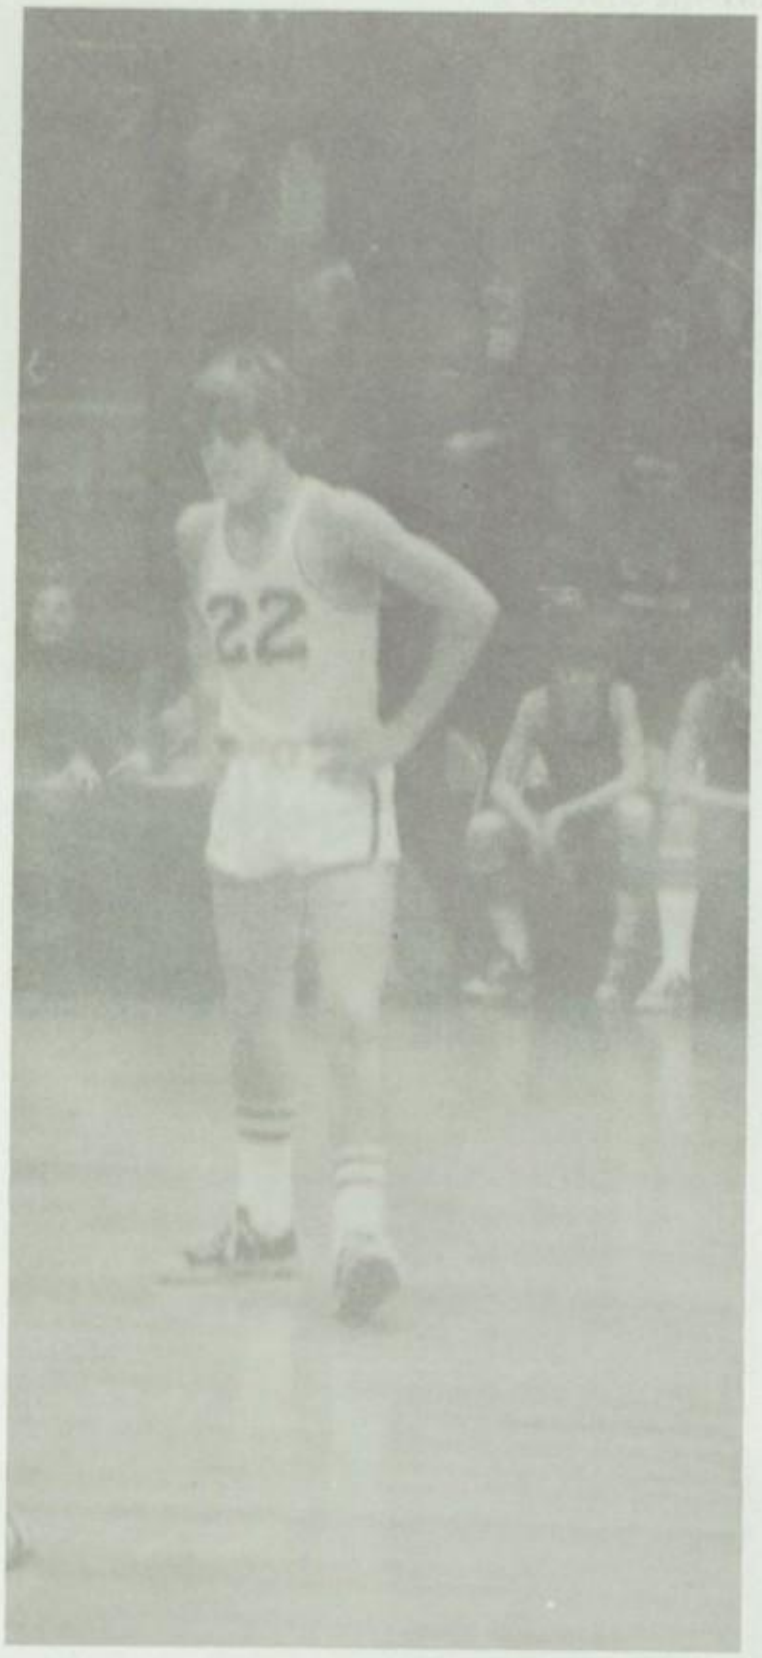
For the second year in a row the junior varsity basketball team came through with an exciting and productive season, tallying an impressive 12-6 record.

Under Coach Fred Nori, the "Vees" went 4-3 in the Mid-Miami League. By beating Monroe in a thriller, 48-46, they went on to finish third in the league and presented a threat to their rivals in years to come.

Sophomore guard Mike Gausling led the Birds in scoring with an 8.3 average. Also handling the scoring tasks were Joe Reek, Charles Acra, and Mike Harkrader, all averaging just above 7 points per game.

FRESHMEN



In a season highlighted by several close games, Fenwick's "Baby Birds" met every challenge with courage and desire. But inexperience toppled high hopes and left the novices with a 1-10 record for the tally.

Scoring honors went to Paul Haker who came through with an 11.6 point per game average for 11 games.

Coached by Mr. Bruce Huntsbarger and Mr. Jim Burnett, the little birds showed promise for future JV and varsity squads.

GRAPPLERS

Victory was the key word for this year's grapplers who wrestled their way into second place in the Butler County Invitational at Fairfield. In the latter tournament the squad competed against 13 class AAA teams from the area.

Coached by Mr. Bob Schwab and assistants Mr. Roscoe Ronto and Mr. John Scheckler, the team talled an impressive 8-3-1 record for the season.

Big surprises were Ken Ronto in the 119 lb. division and Greg Braun in 185 lbs. They both copped second place in the MML tourney held at Fenwick. Also placing in the league competition were Doug Dix, third place; Tom Brill, fourth; and Greg Berns, fourth.

Ronto also captured fourth place in the sectionals thereby earning the right to wrestle in the Districts—a record breaking feat for any Falcon wrestling squad.

"Guys who just simply enjoy playing basketball and clowning around." That typifies the intramural gang—a special breed of people who pooled their athletic talents on Saturday mornings and week nights and who had a lot of fun in the process.

In tourney competition Mike DeBrosse's Wolfpack proved themselves victors. Top scoring honors went to Don "Bootie" Murphy of Fred Schwab's Gladiators.

Donisi makes State

Coach Ken Coe's Cross Country team turned in another fine year, placing fifth in the Mid-Miami League competition and just missing a district team qualifying spot.

Three individuals, however, did make the district finals - seniors Mike Donisi, Mike Fening, and Dave Deger all took the trip to Dayton. From there Donisi qualified for State.

Donisi's efforts at State were quite productive. By covering the two mile course in 10:13, he earned a 7th place rank and an engraved plaque.

Donisi and Fening, both of whom fared well in all of the season meets, made the All-MML team and placed 3rd and 9th, respectively, in the league contest.

TENNIS

The fighting Falcon Tennis team, under the coaching of John "Butch" Rossi, finished the season with eleven wins and eight losses in overall competition and a total of seven wins and seven losses in League play.

John Halbig and Brian Mahaney made it to the sectionals in doubles, capturing third place and qualifying for the districts where they were eliminated in the first round of play.

Another outstanding tennis player, Tom Brill, left the Falcon mark by placing fourth at the sectionals in singles competition.

Tennis team: bottom row, Cheryl Fassler, John Halbig, Brian Mahany, Chris Moore; second row, Tom Brill, Jim Kleingers, Greg Braun, Dale Rouster, John Diver; top row, Stever Palmer, Denny Magee.

Golf team: Coach Bruce Huntsbarger, Mike Duane, Bob Augspurper, Jim Kraft, Tom Knox, Matt Clemens, Chuck Sutter, Nick Schramm, Mike Leigh, Jerry Horn, and Jay Ritter.

GOLF

The famous Fenwick winning spirit spilled over into the golf season, also.

After capturing third place at the District golf meet with a total of 333 strokes, Coach Bruce Huntsbarger's linksters ended the year with an overall 12-6 record.

The squad captured first place at the Sectionals with a tally of 333 strokes and finished up in League competition with an impressive 10-4 record.

Underclass Track team members: bottom row, Joe Sauers, Gary Smith, Rod Henning, Chris O'Connor, Mike Harkrader, Cathy Harkrader, Susan McDonough; second row, Mike Fassler, Mike Bruggeman, Bob Peck, Terry Kremer, Jim Long, Rick Ryan; third row, Mike Acra, Joe Bothe, George Snelling, Chris Thieman, Tilman Snow, Gary Muthert; top row, Coach Jerry Harkrader, Kevin DeBrosse, Bill Brumfield, Dick Smith, Jeff Thien, Ken Bowman, assistant coach Ken Coe.

Senior Track team members: Fred Schwab, Mike Smith, Mike Palmer, Mike Fening, Mike Donisi, Tom Bruggeman, Mike DeBrosse.

TRACK

Chris O'Connor and Tom Bruggeman led the 1974 Falcon Track team to one of its finest years, breaking old records, setting new ones, and taking Fenwick fame to State once again in the Columbus meet.

Four records were broken under champion Coach Jerry Harkrader and Bruggeman had a hand in three of them. Singlehandedly, Brug broke the high jump record by jumping 6 feet, 2 inches; and the long jump record by leaping 20 feet, 1½ inches. He helped the third record along by leading off a mile relay, followed by Mike Smith, Mike Harkrader, and anchored by O'Connor at 3:320.

O'Connor also broke the 440 yard dash record when he ran 51.2, thus qualifying for the State meet.

Harkrader earned a position at State in the 100 yard dash and placed fifth in the finals with a 10.4. The mile relay team added to Falcon honors by qualifying for the finals and finishing eighth at State.

The Falcon cinderman finished fifth in the League and second in the Sectional meet at Country Day.

BASEBALL CHAMPS

A record breaking year for the Falcon Baseball team ended in glory as they repeated the grid squad's achievements by capturing the State Championship in Columbus on June 3.

Under Mid-Miami League Coach of the Year Fred Nori, the diamondmen beat Bloom Carroll 6-3 to win the State crown and stretch their phenomenal record to 29 wins against 3 losses.

Besides winning the Championship and enjoying the greatest season Fenwick baseball has ever experienced, the Falcons also won the Mid-Miami League title with an 11-2 tally.

Seniors Greg Klapheke, Don Murphy, and Frank Nemcic led the team to its first baseball title and the school's second state win in the same year.

The Falcons reached the State finals via a win over Lincolnview where Jeff Hamilton pitched a superb game. In addition to the big win over Bloom Carroll, Hamilton had several tournament victories to his credit, including the district finals.

Hitting was one of the Falcons' biggest strengths, as they broke numerous individual and team records. The team scored 200 runs as opposed to 89 for the visitors, pounded out 232 hits, and collected 37 doubles to break the old marks.

Individually, "Bootie" Murphy broke the base hits record previously held by Nori by hitting 33 safely. The stolen base record was broken by Klapheke when he swiped 29 bases.

Klapheke led the Falcon batsmen with a .322 average, followed by Hamilton at .318. Jim Galeese knocked in 26 runs to lead the team in RBI's with Nemcic right behid with 25.

We're STILL

Gary Callsen and Klapheke led the pitching staff in earned run averages with 1.40 each. Callsen and Hamilton both pitched their way to 8-1 records, with Callsen going 6-1 in the MML, thus having the best record in the League. Klapheke with the State finals win stretched his season slate to 6-0.

The Falcons placed Hamilton, Klapheke, Murphy, and Nemcic on the MML first team. Galeese and Marty Bidwell were chosen for the second team, with Callsen receiving honorable mention. Klapheke was named All-State and received the right to play in the All-Star game.

Such impressive records merely reinforced what Falcon followers had been saying all year—that we're STILL NUMBER ONE!

number one!

Class of '75

An age when we stand precariously on a hill
between the valleys of the young and old,
Until the path is flattened in the direction we must go,
and the steepness is added to the other side.
And we take the path we must—
the straight path—
the one that becomes always smoother.

The sophomore class of '74 has got
spirit, and
pride, and
unity.
We've built floats, sold candles,
hosted a Baccalaureate dinner.
We've made it through some tough spots,
And we'll make it through some more—
because we've got it all!

It's so hard to be typical—
and so confusing
and so disheartening.
But we direct our every effort
toward this struggle,
Until gradually we stop worrying
about what to do or say
and we just start being ourselves.
And we ourselves face
new beginnings, new changes—
And then we're on our way.

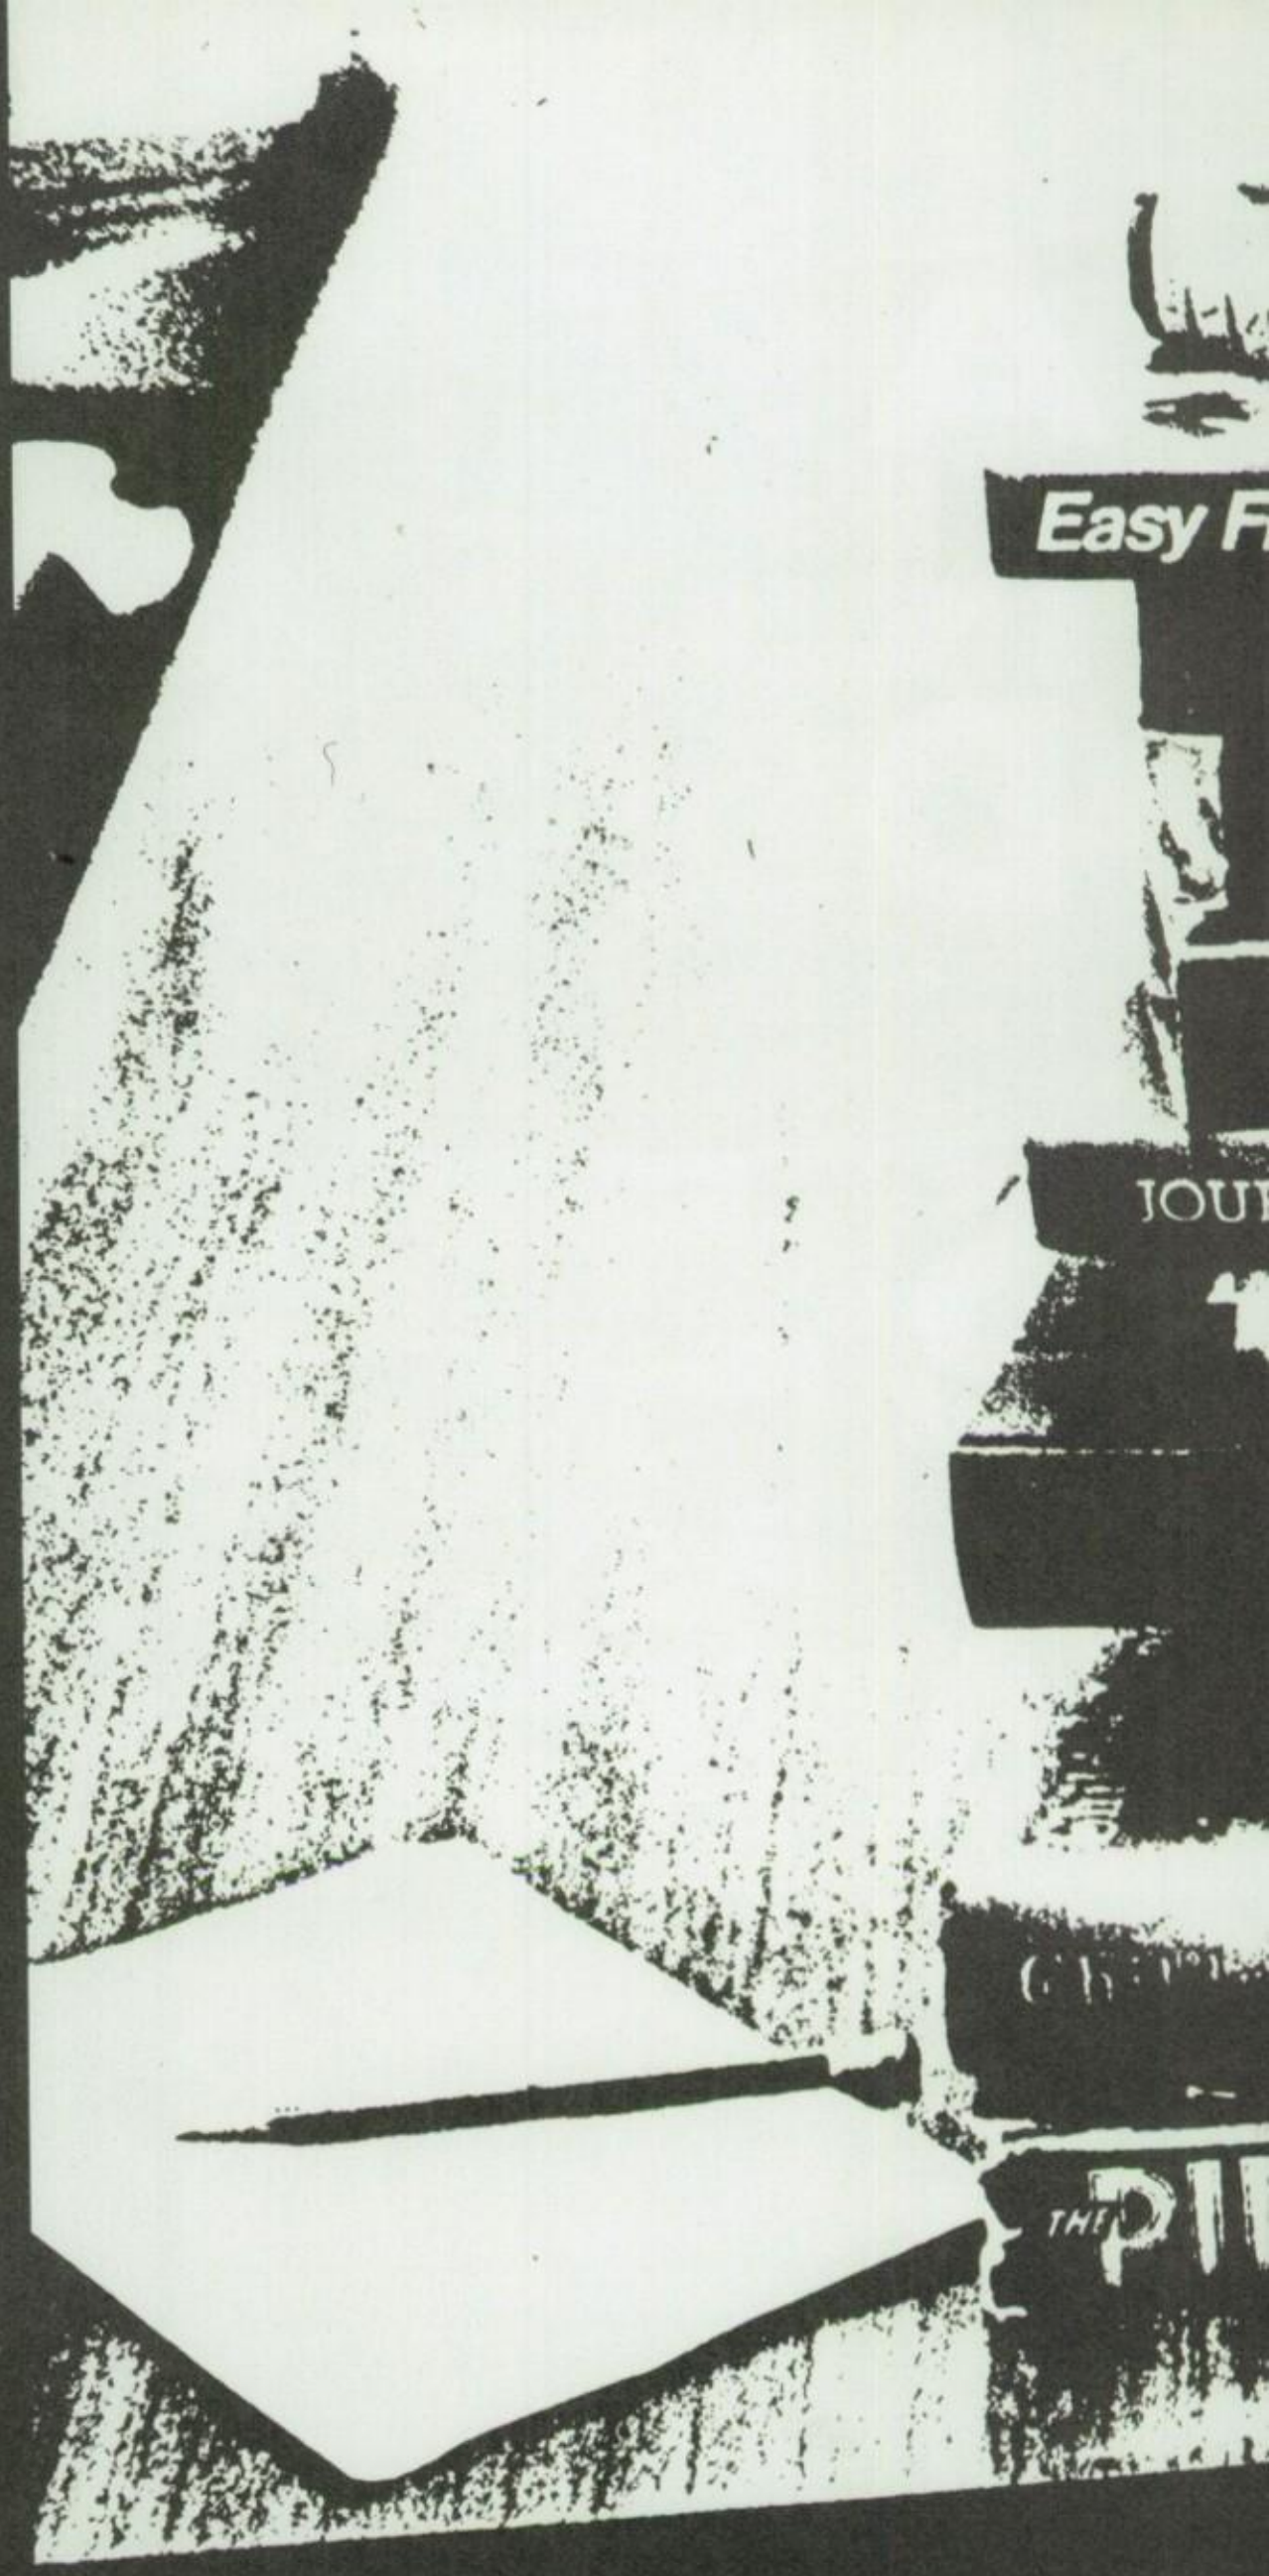
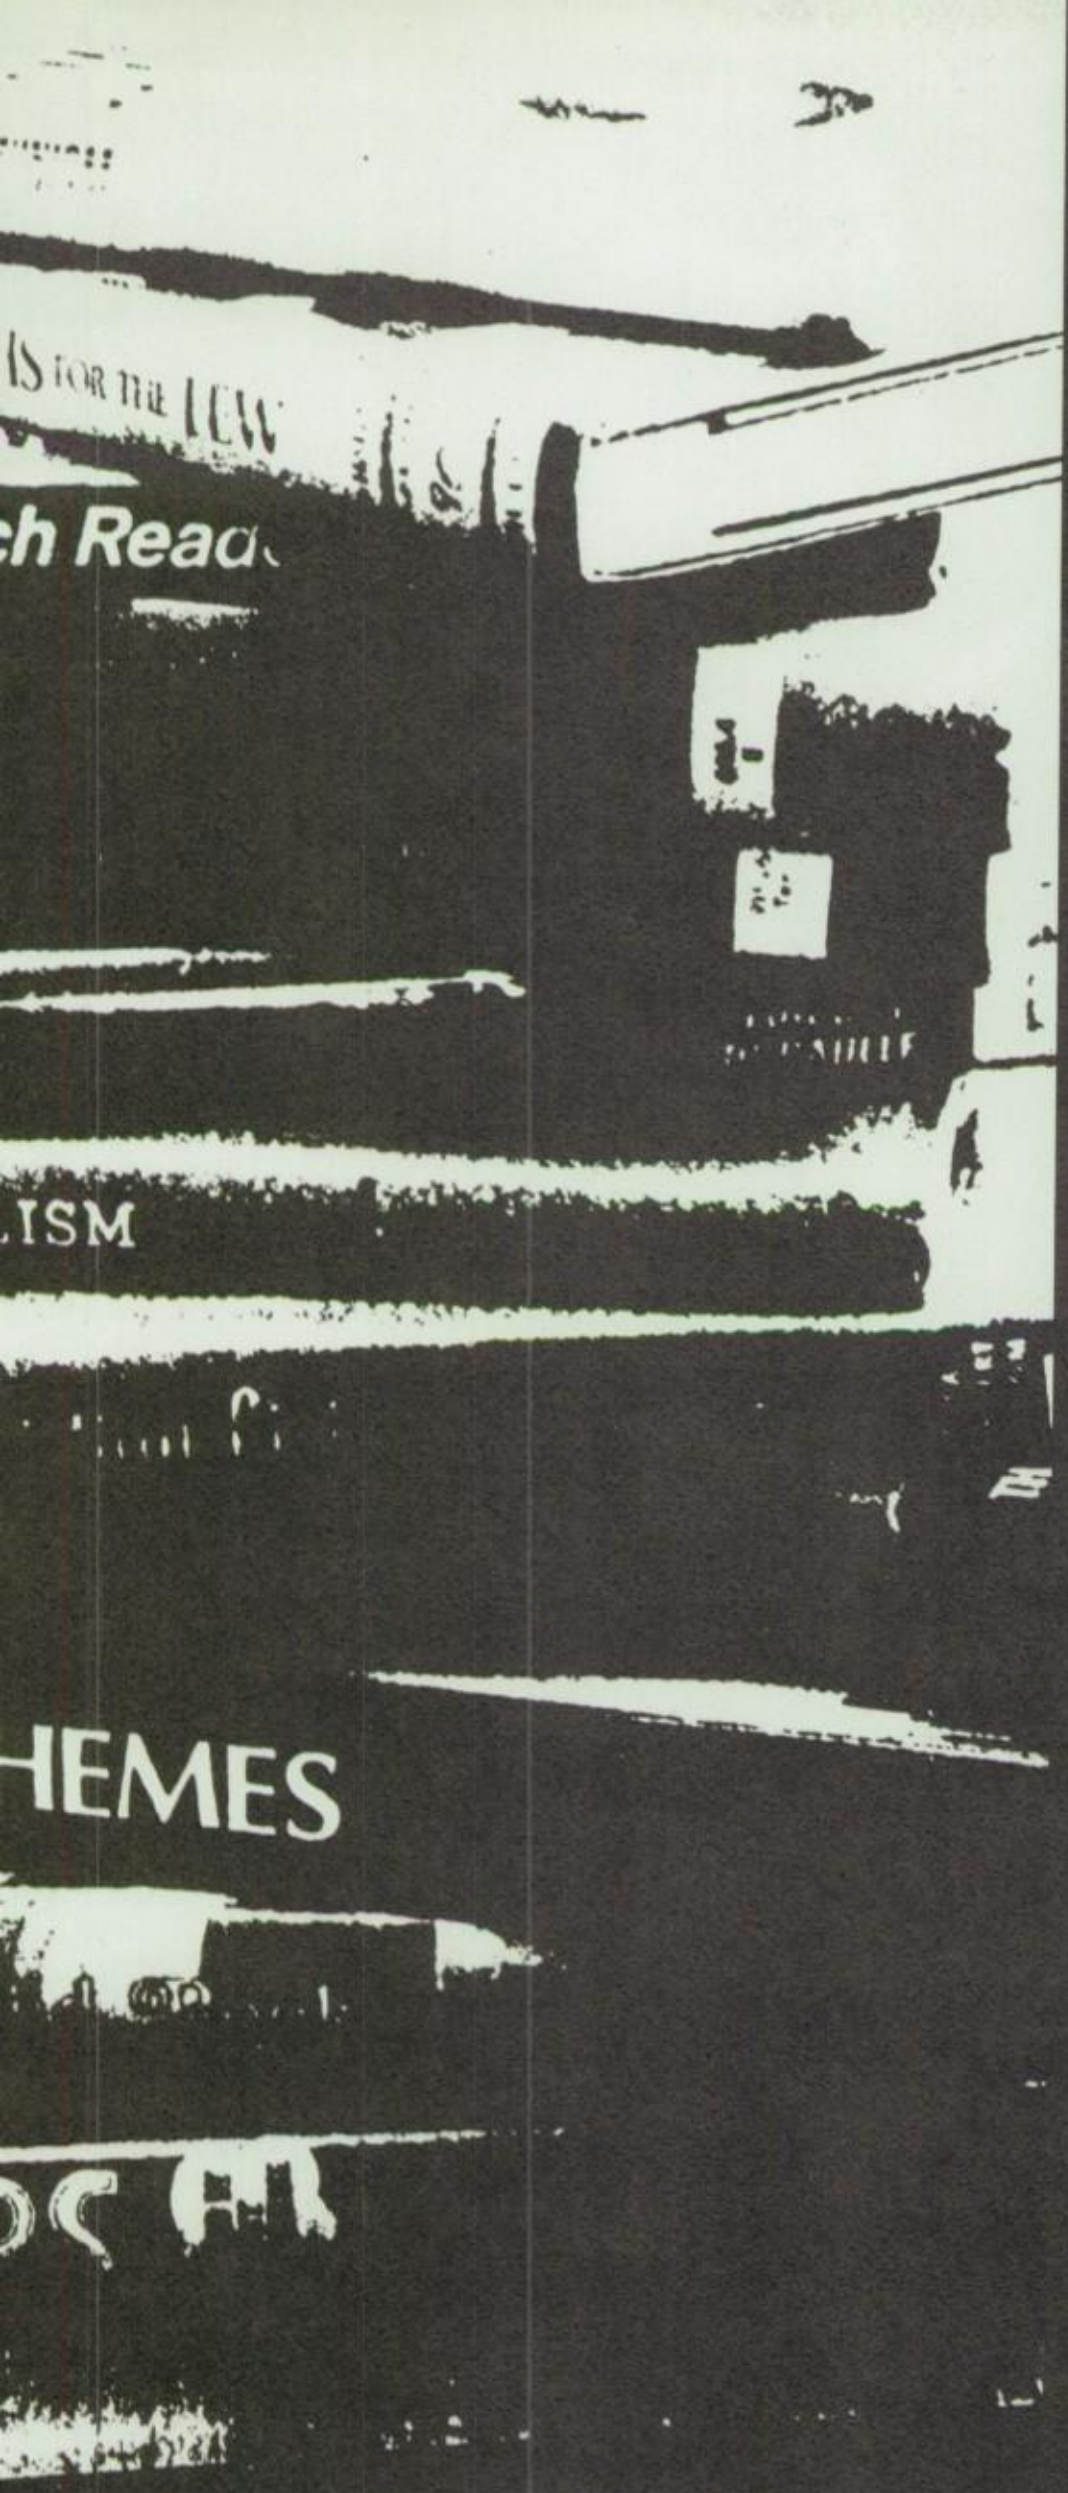
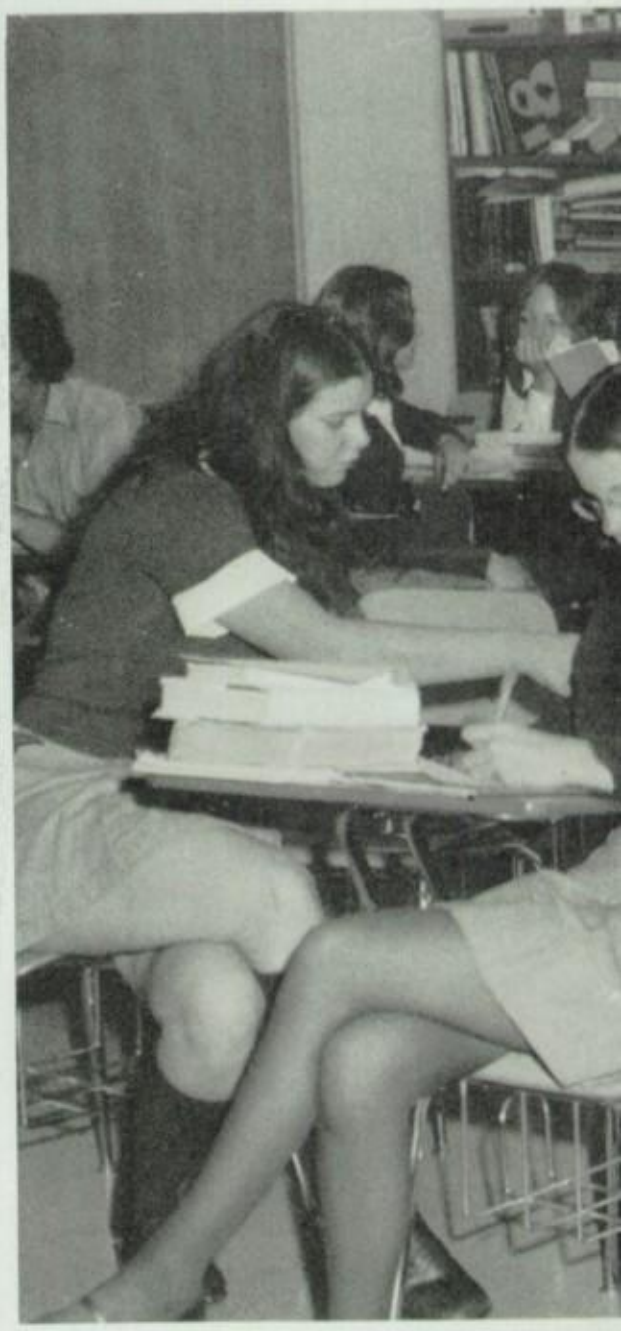
ACADEMICS





In the end I'll know
But on the way I wonder.
I want to find out.

create



communicate

participate

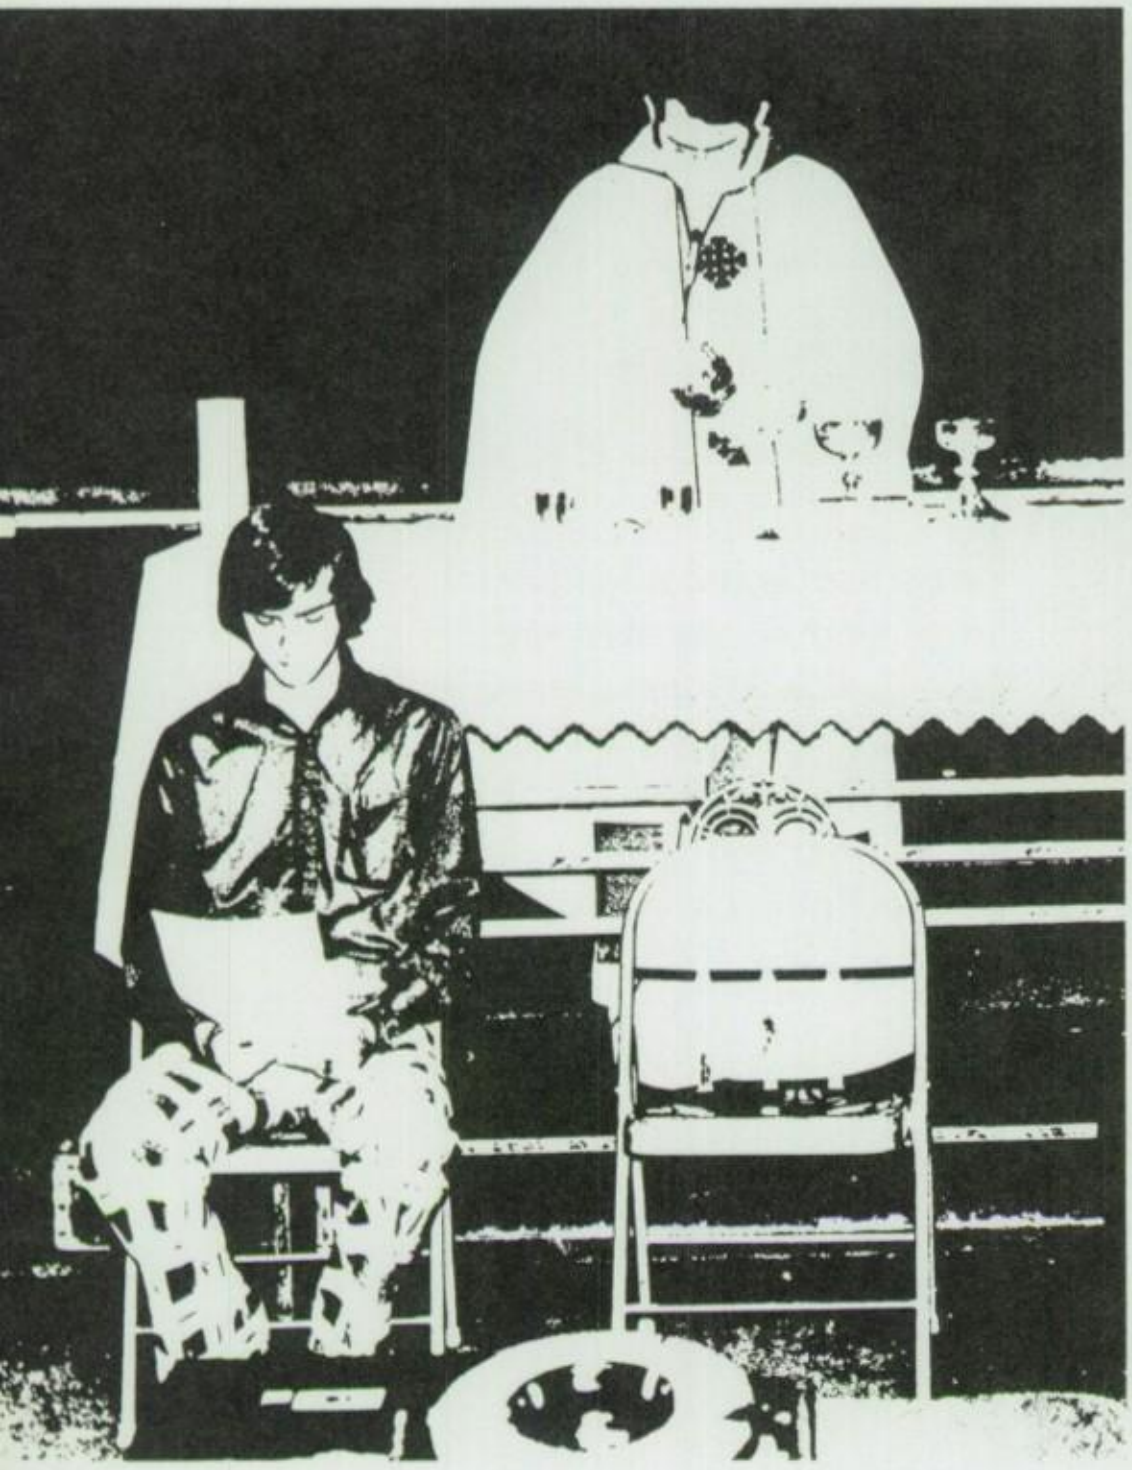
This year was different
as you'll agree.
The emphasis was put
on YOU and ME!
Like SCIENCE FICTION
for Star Trek fans.
And EUROPEAN LIT
from overseas lands.
Plus CHILDREN'S LIT
(not Dick, Jane,
or Spot)
But an adult approach
is what this has got.
Or how 'bout ETHNIC LIT
if culture's your thing.
And your choice in NOVEL
adds a little 'zing!'
But there's really much more.
This isn't all it.
(What was that you said about American Lit?)

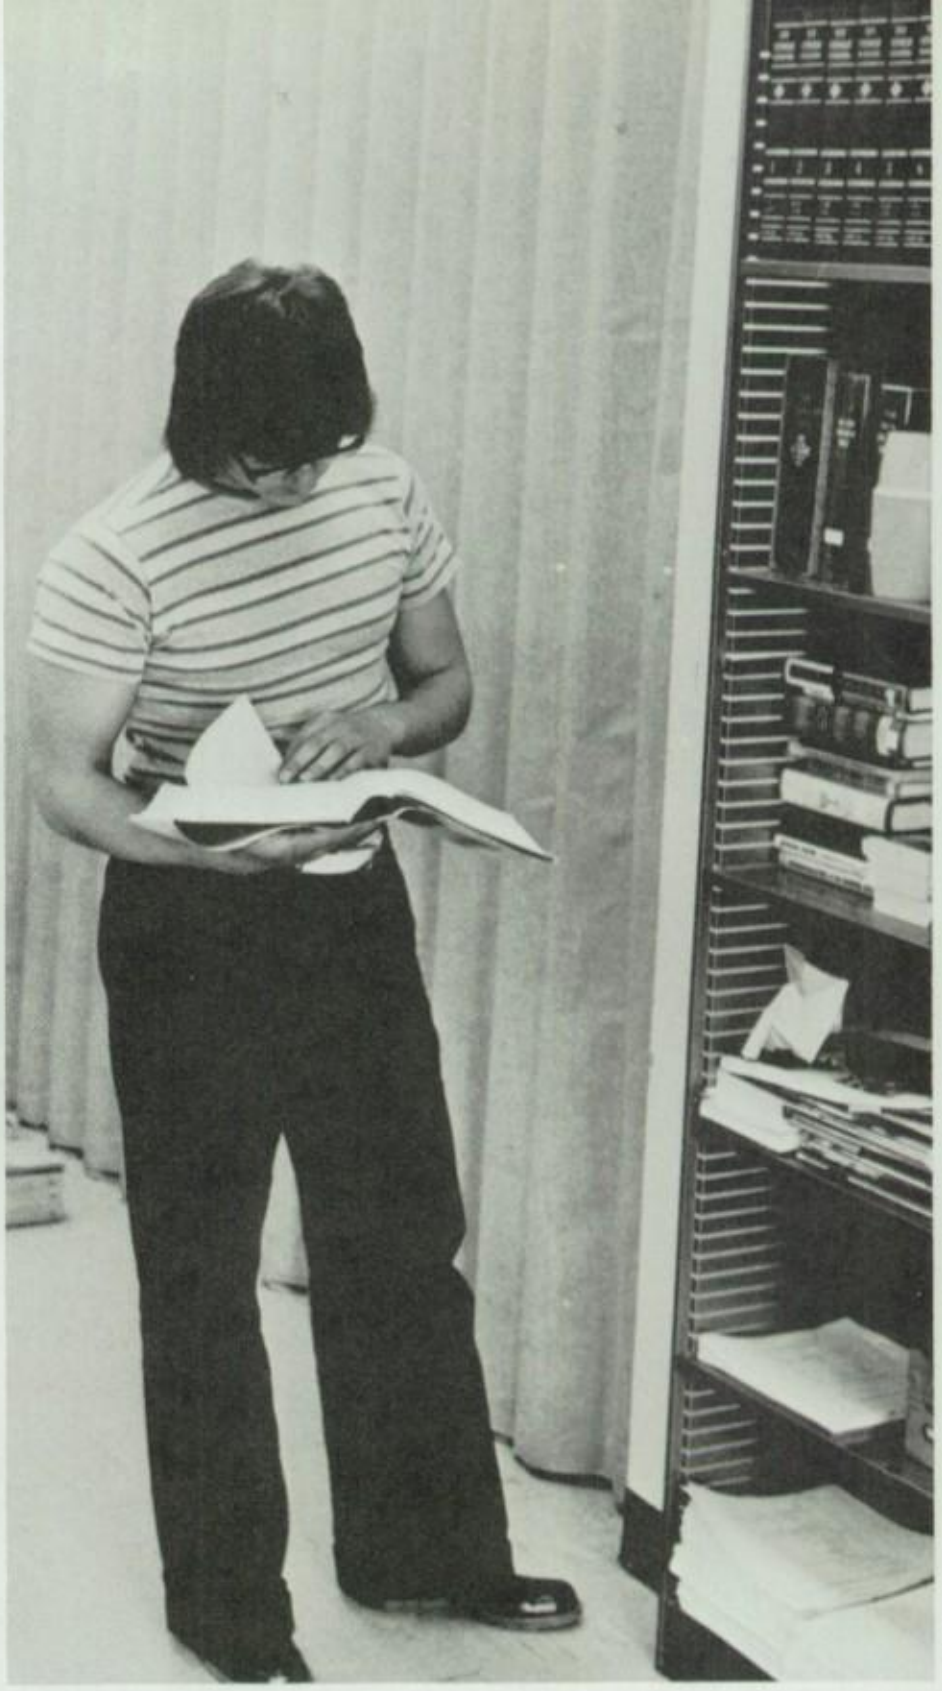
MUSIC

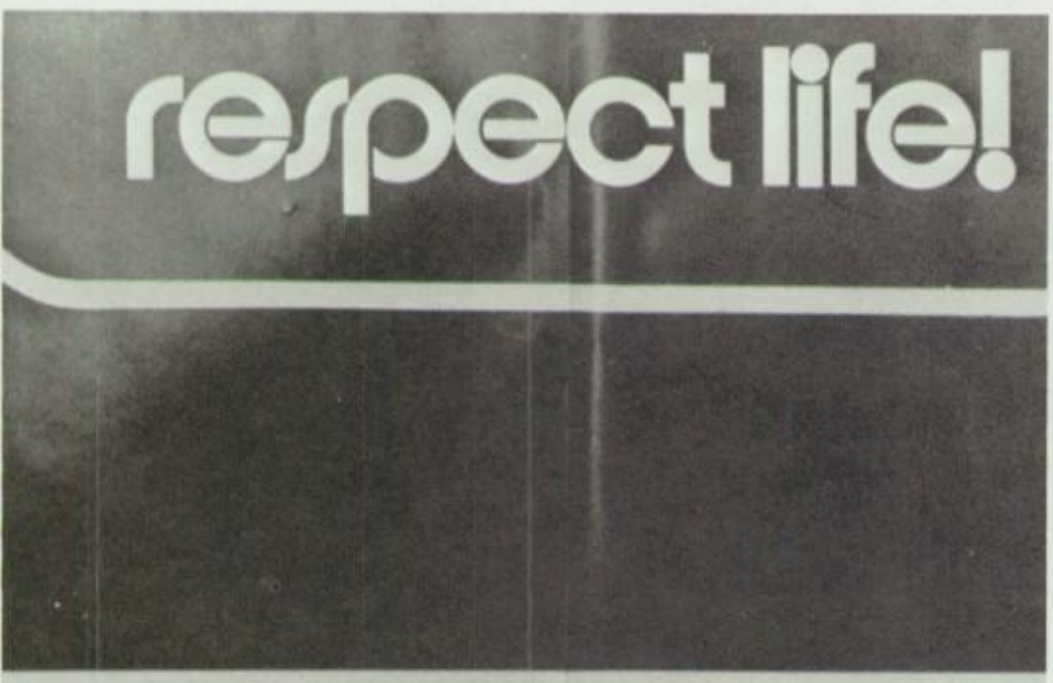
Music is . . .

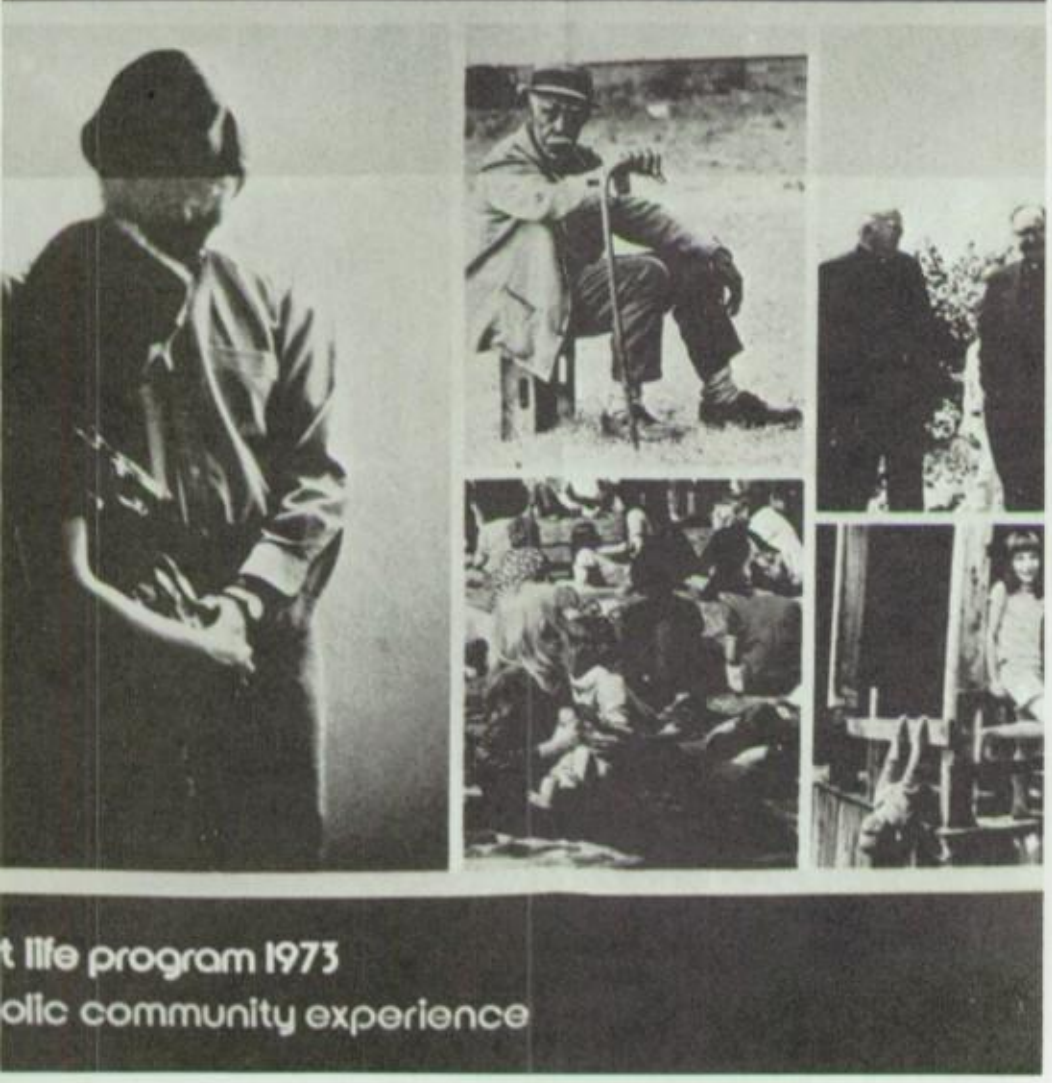
the current and contemporary tunes,
the singing or the studying,
the moodiness from a meaningful song,
the sway of a good rhythm,
the individuality and the unity,
the learning and the listening,
through Chorus and Music Appreciation.

CELEBRATE



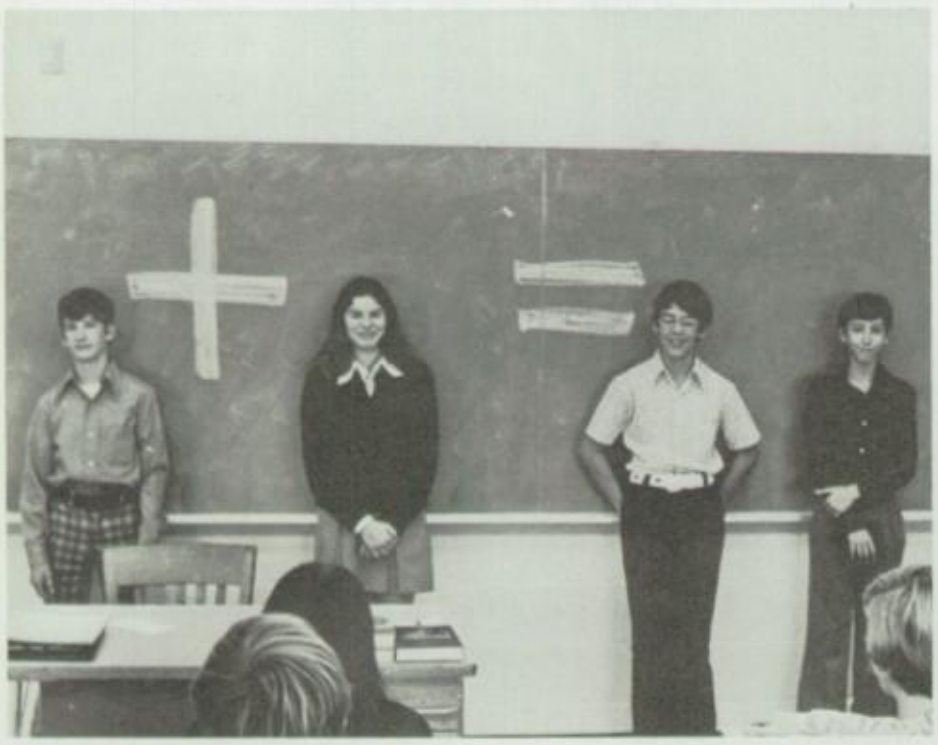


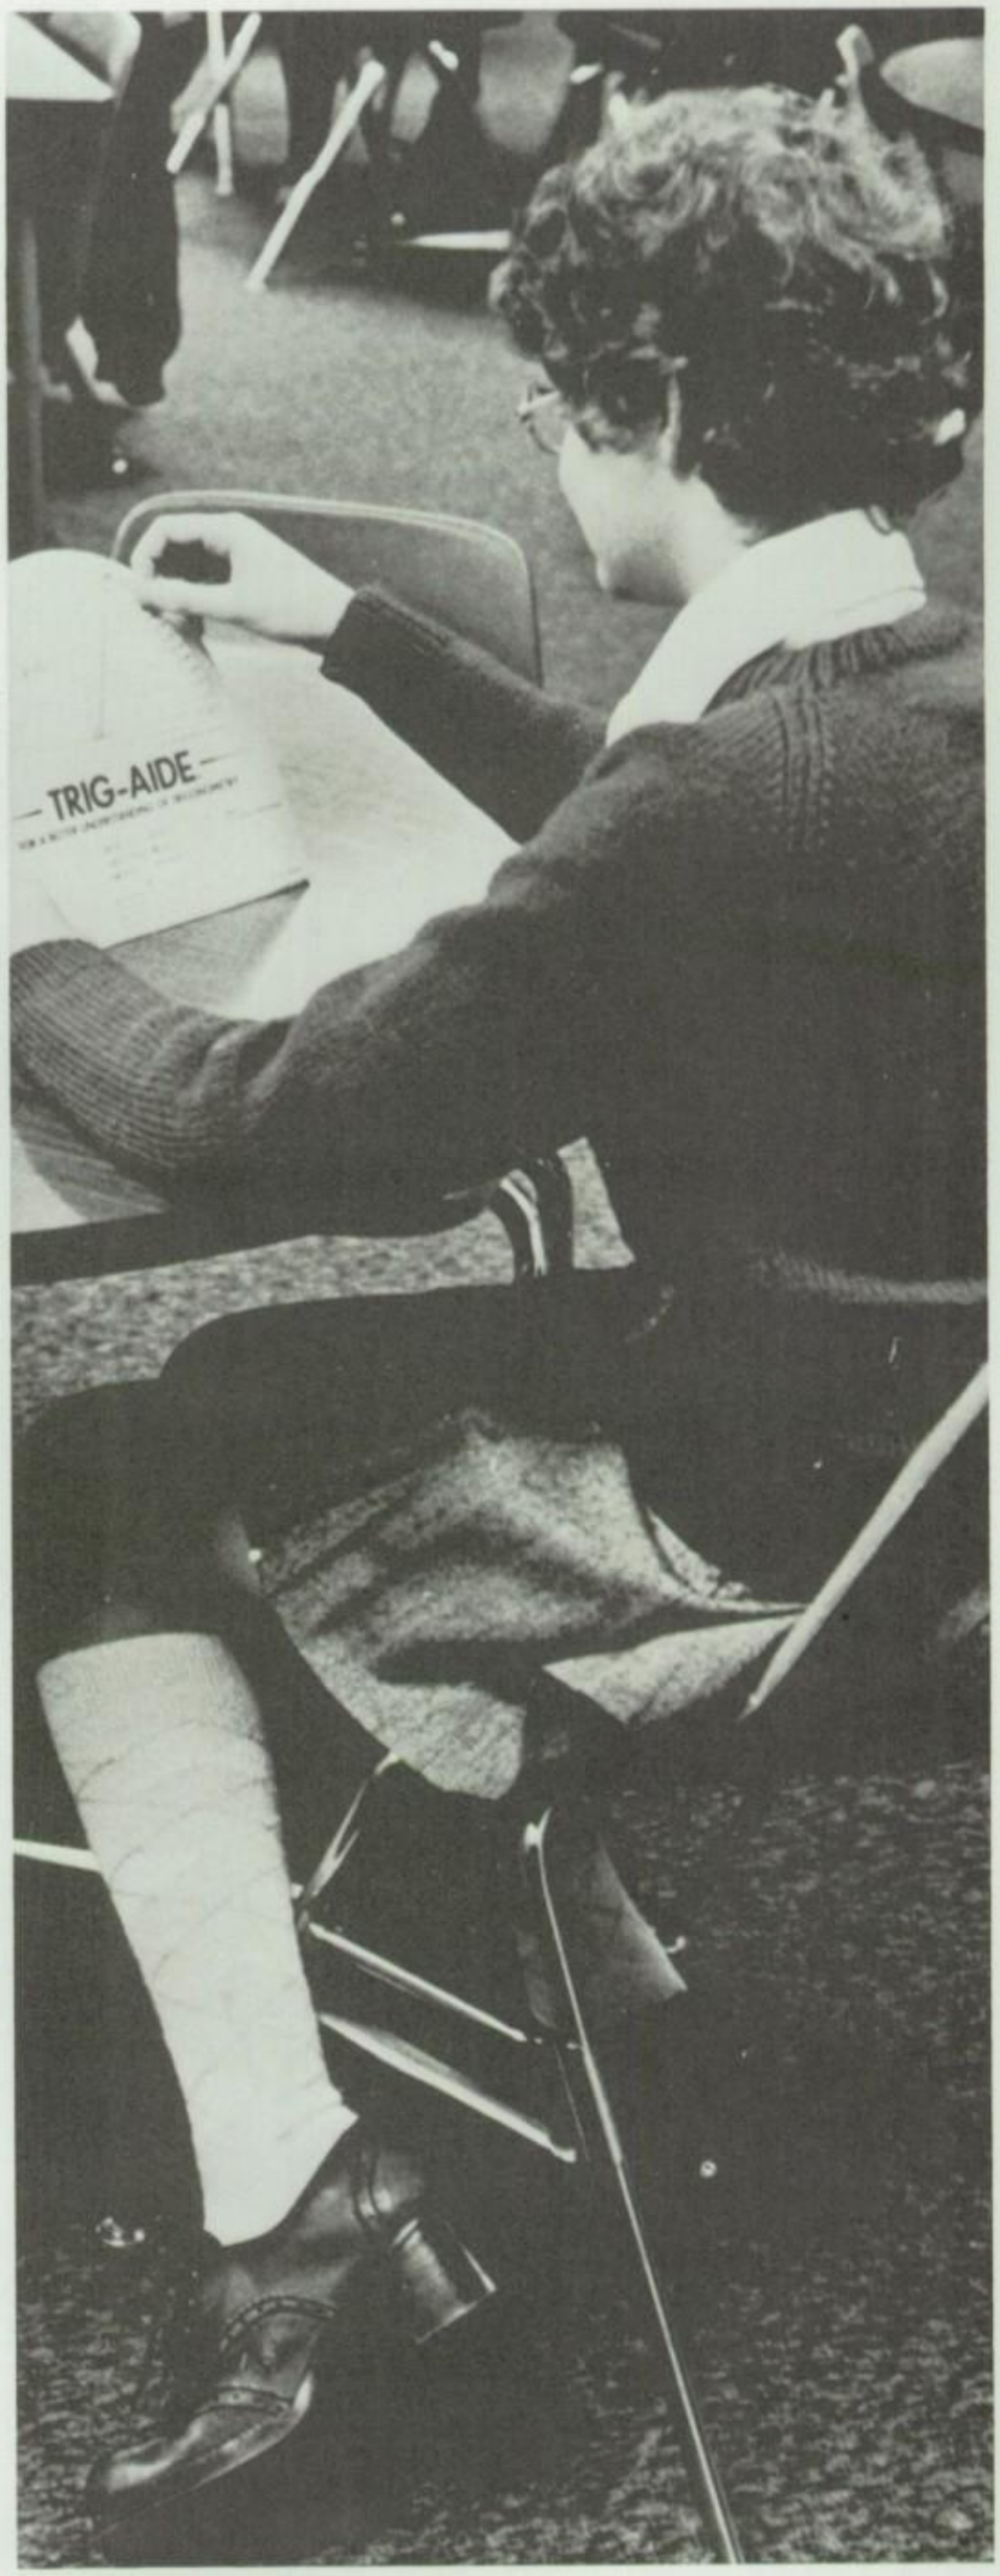




LIFE!

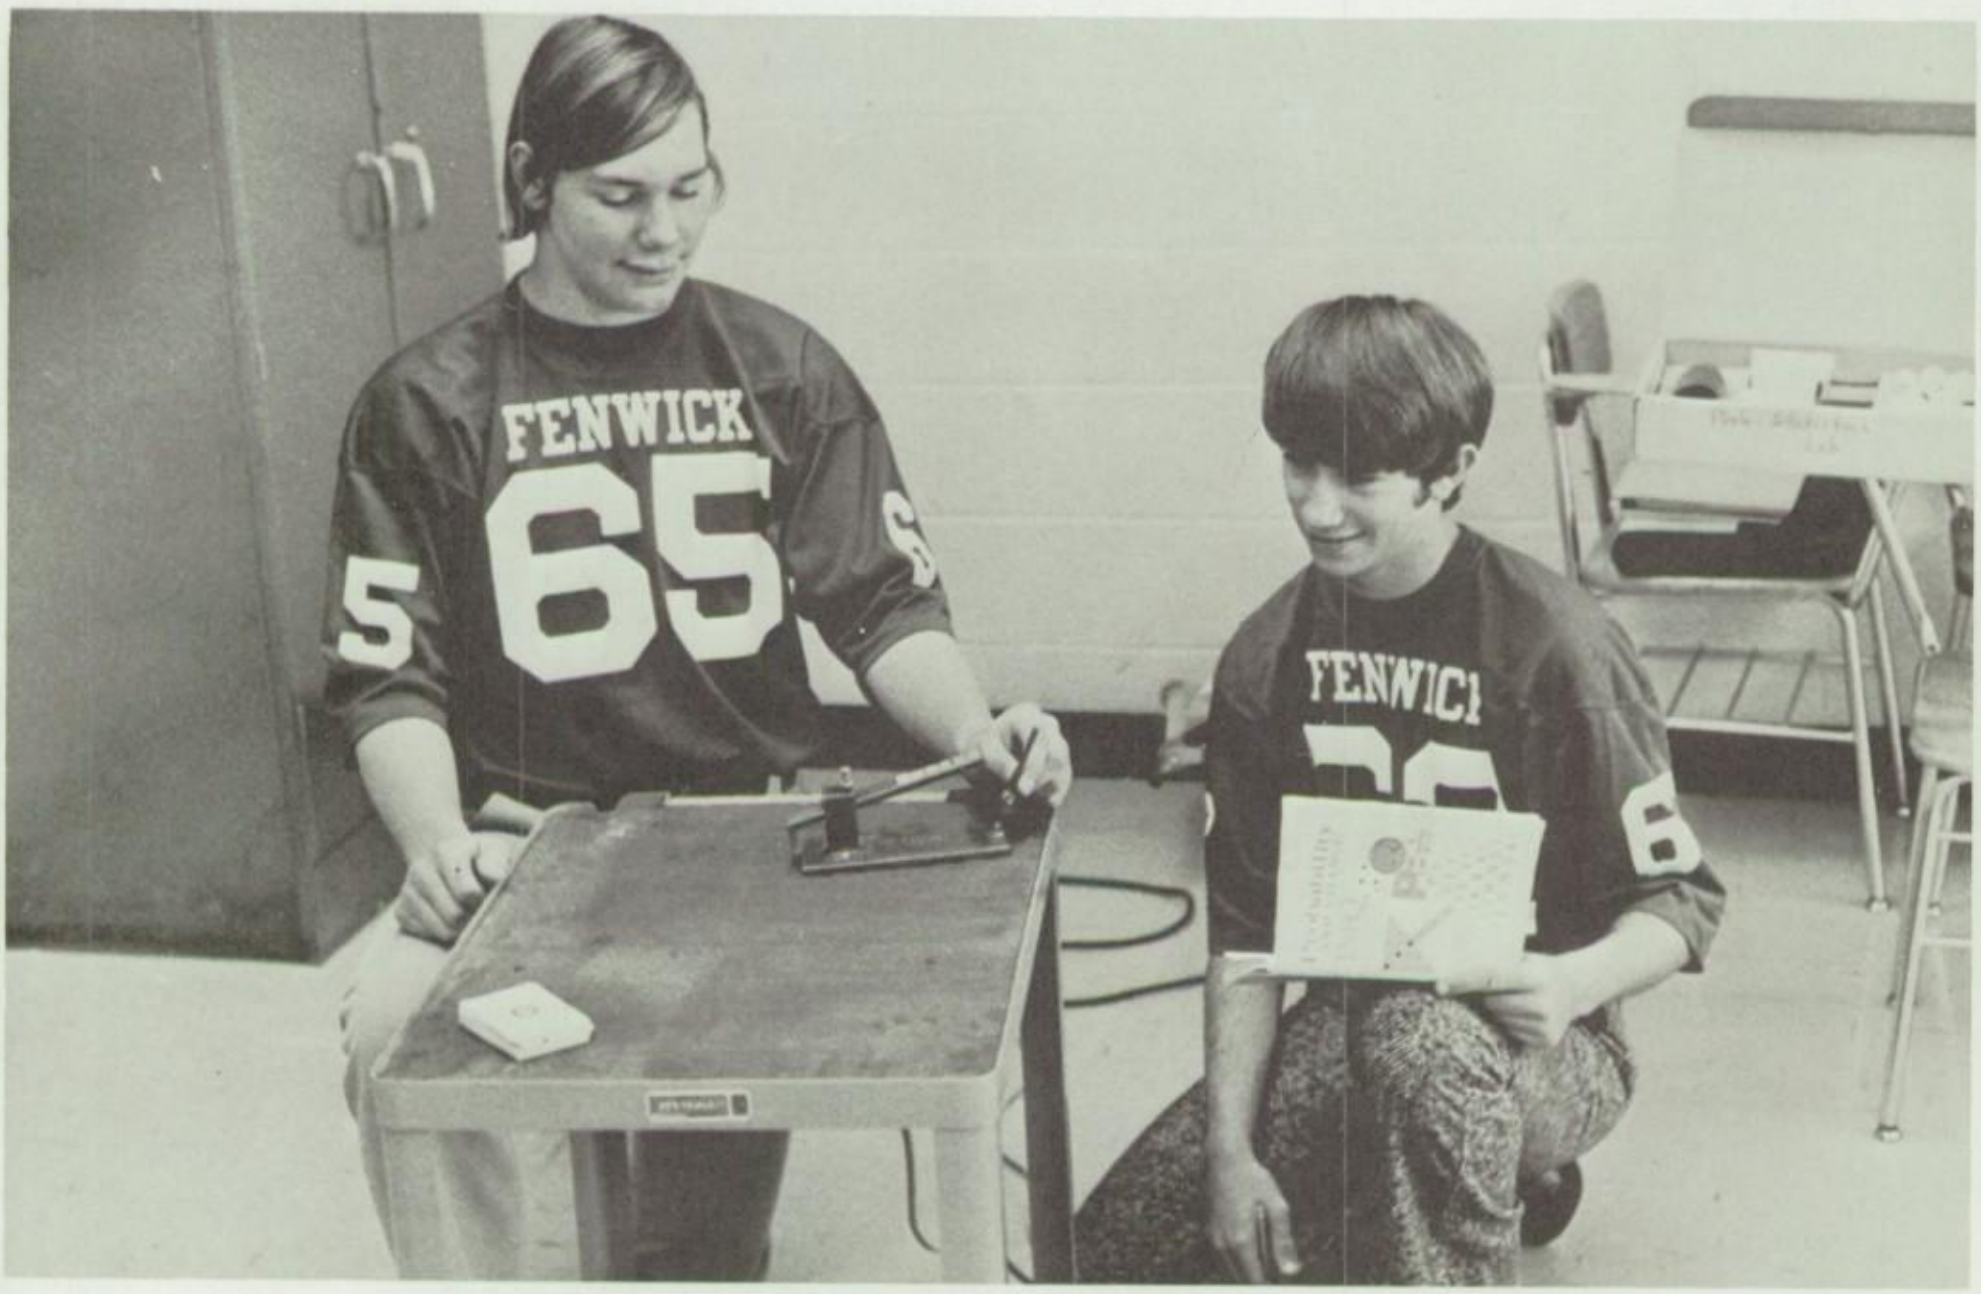
We study Christ and His Church
from all angles:
from past to present
from right to wrong.
Not to pick and choose
what we shall believe,
But to develop our morals and our values,
To practice the love and friendship
hidden in us all,
That we can see through the misty darkness
And not be blinded by the light to come.





TRIG-AIDE

The world grows larger every day,
our visions and ideas change,
And we struggle to find expressions
to secure us:
To make concrete
What seems so abstract.
Mathematics forms the concrete
in cold hard facts,
And we learn to fit these facts
into the puzzles of our life,
To broaden our world view,
To lay a strong base -
for the problems that forever loom ahead.

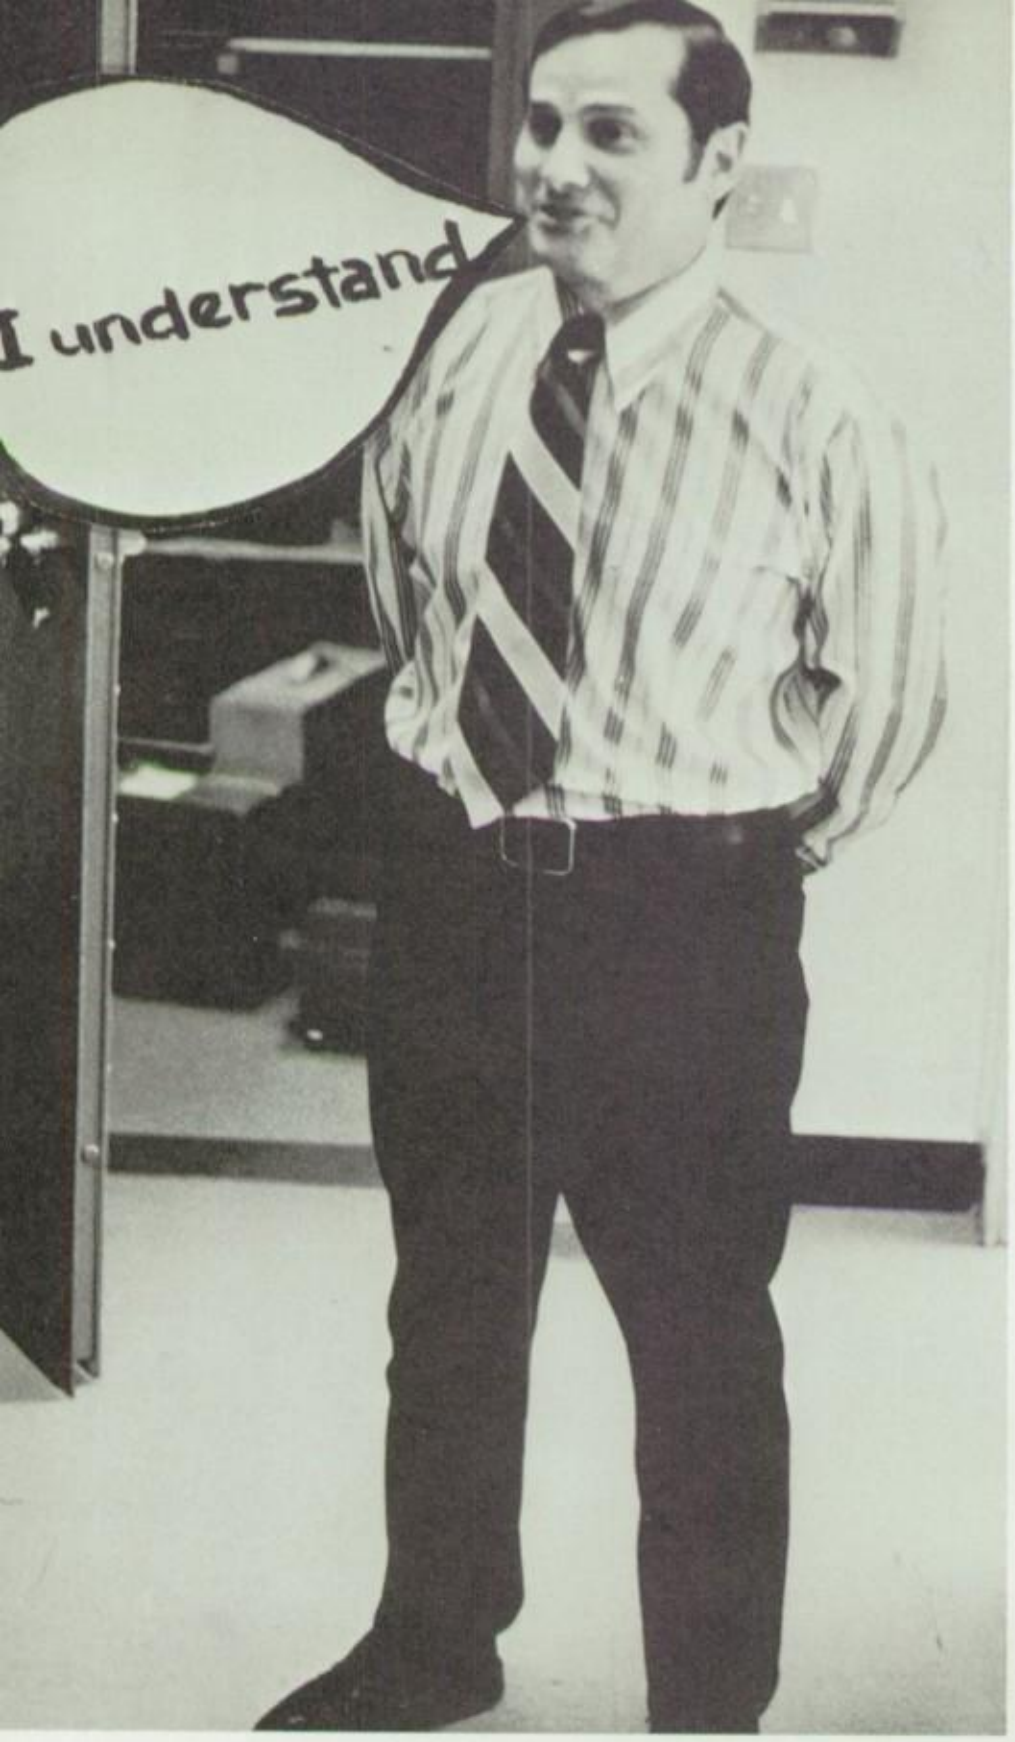


MATHEMATICS

We must understand our world
to exist and to enjoy.
We have to 'get to know' our world
to discover its personality.
We pass from simple to complex,
from general to specific,
from Earth Science to Electricity and Chemistry.
To search and examine our environment -
not to become lost in the details,
not to lose sight of the goal.
But to keep our eyes on the whole -
and to always ask "Why?"

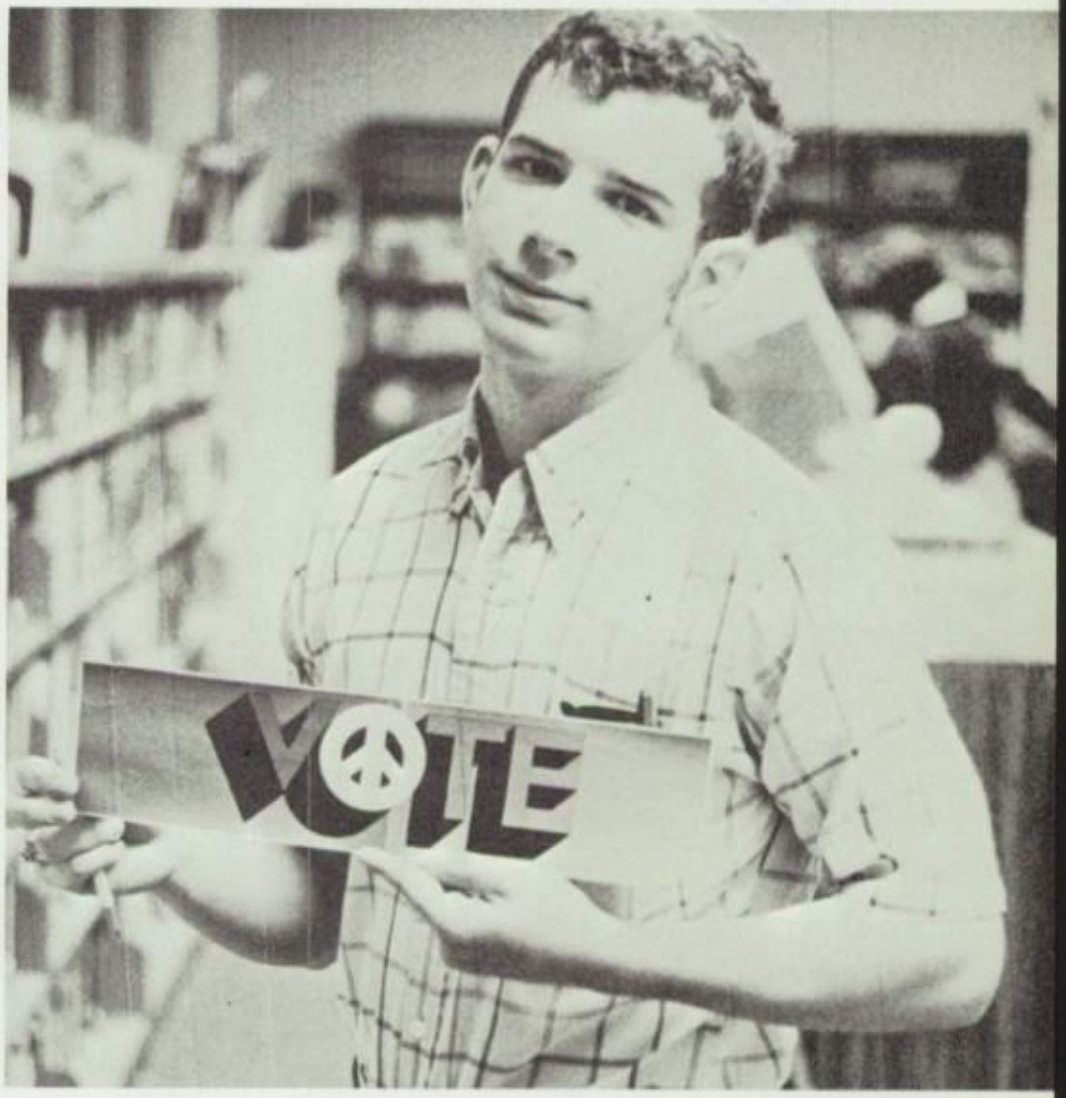
GOOD MORNING, WORLD

LOOK



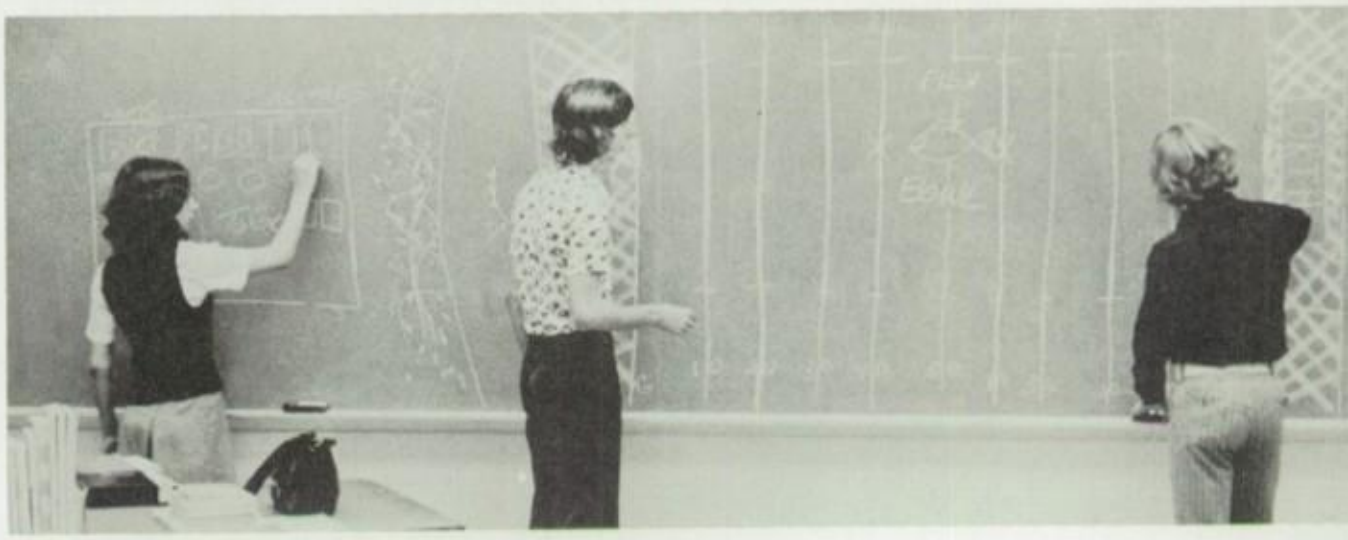
AROUND!

You say you see things wrong
in the world -
Look back.
They've happened before -
and they've been solved.
Look at the present.
For the full facts,
not the wandering rumors -
get the total picture.
Look ahead.
They could happen again -
or they could not.
It's up to us -
to see and act:
Through the eyes and hands
of Social Studies.

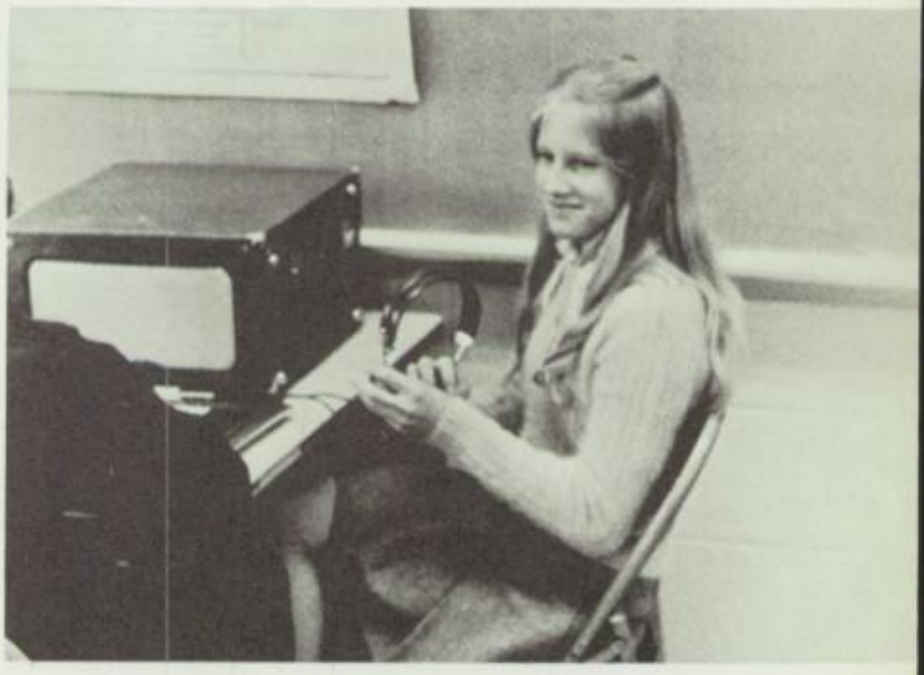


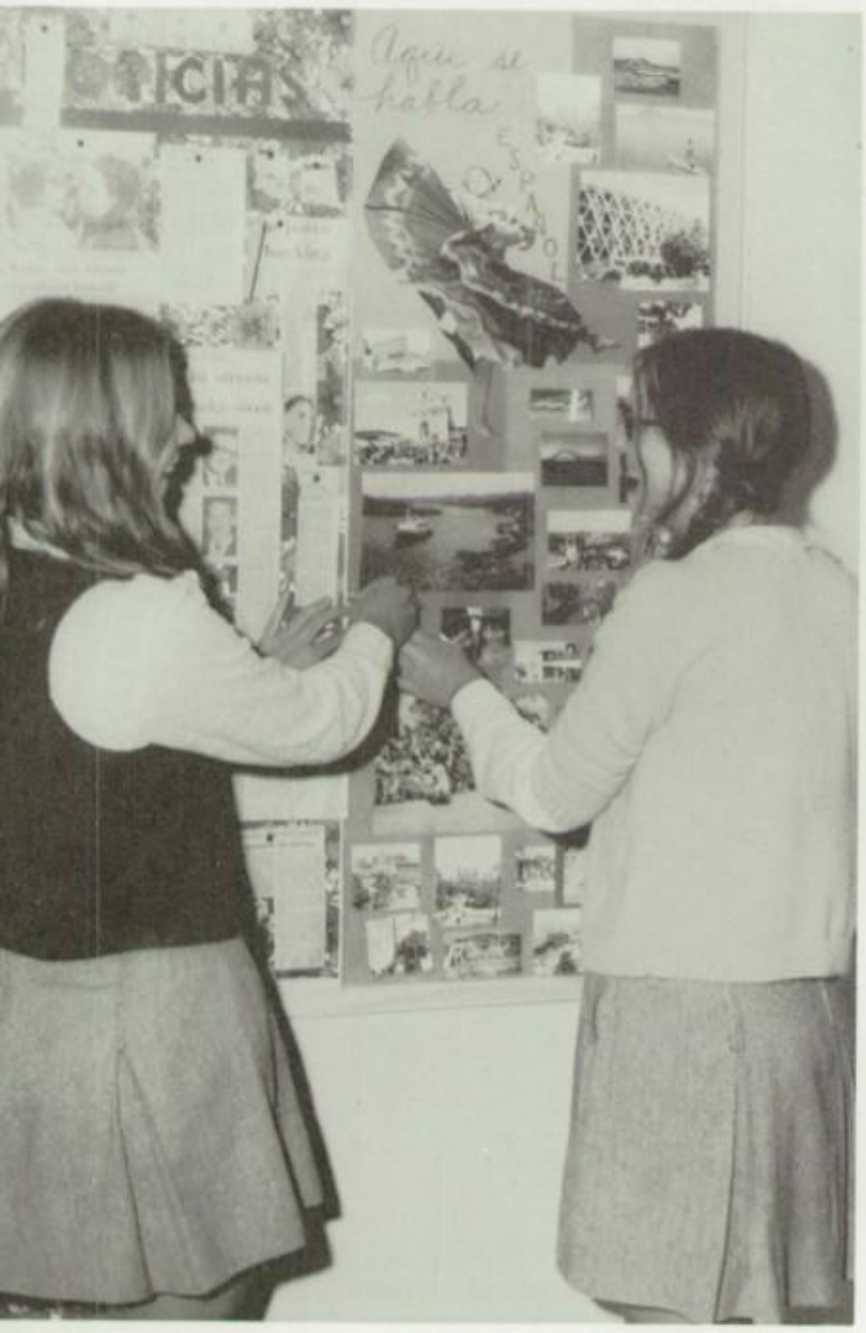
FOREIGN

How strange it seems
that in another land
people don't say "Hi"
as we say "Hi!"
But how selfish is our wonder.
And so we learn to speak as they,
to rise above the ignorance
of a little knowledge that
makes us self-centered
and prejudiced,
to understand the other nations
as we understand our own,
to capture the world-view,
And to really see what we are looking at.



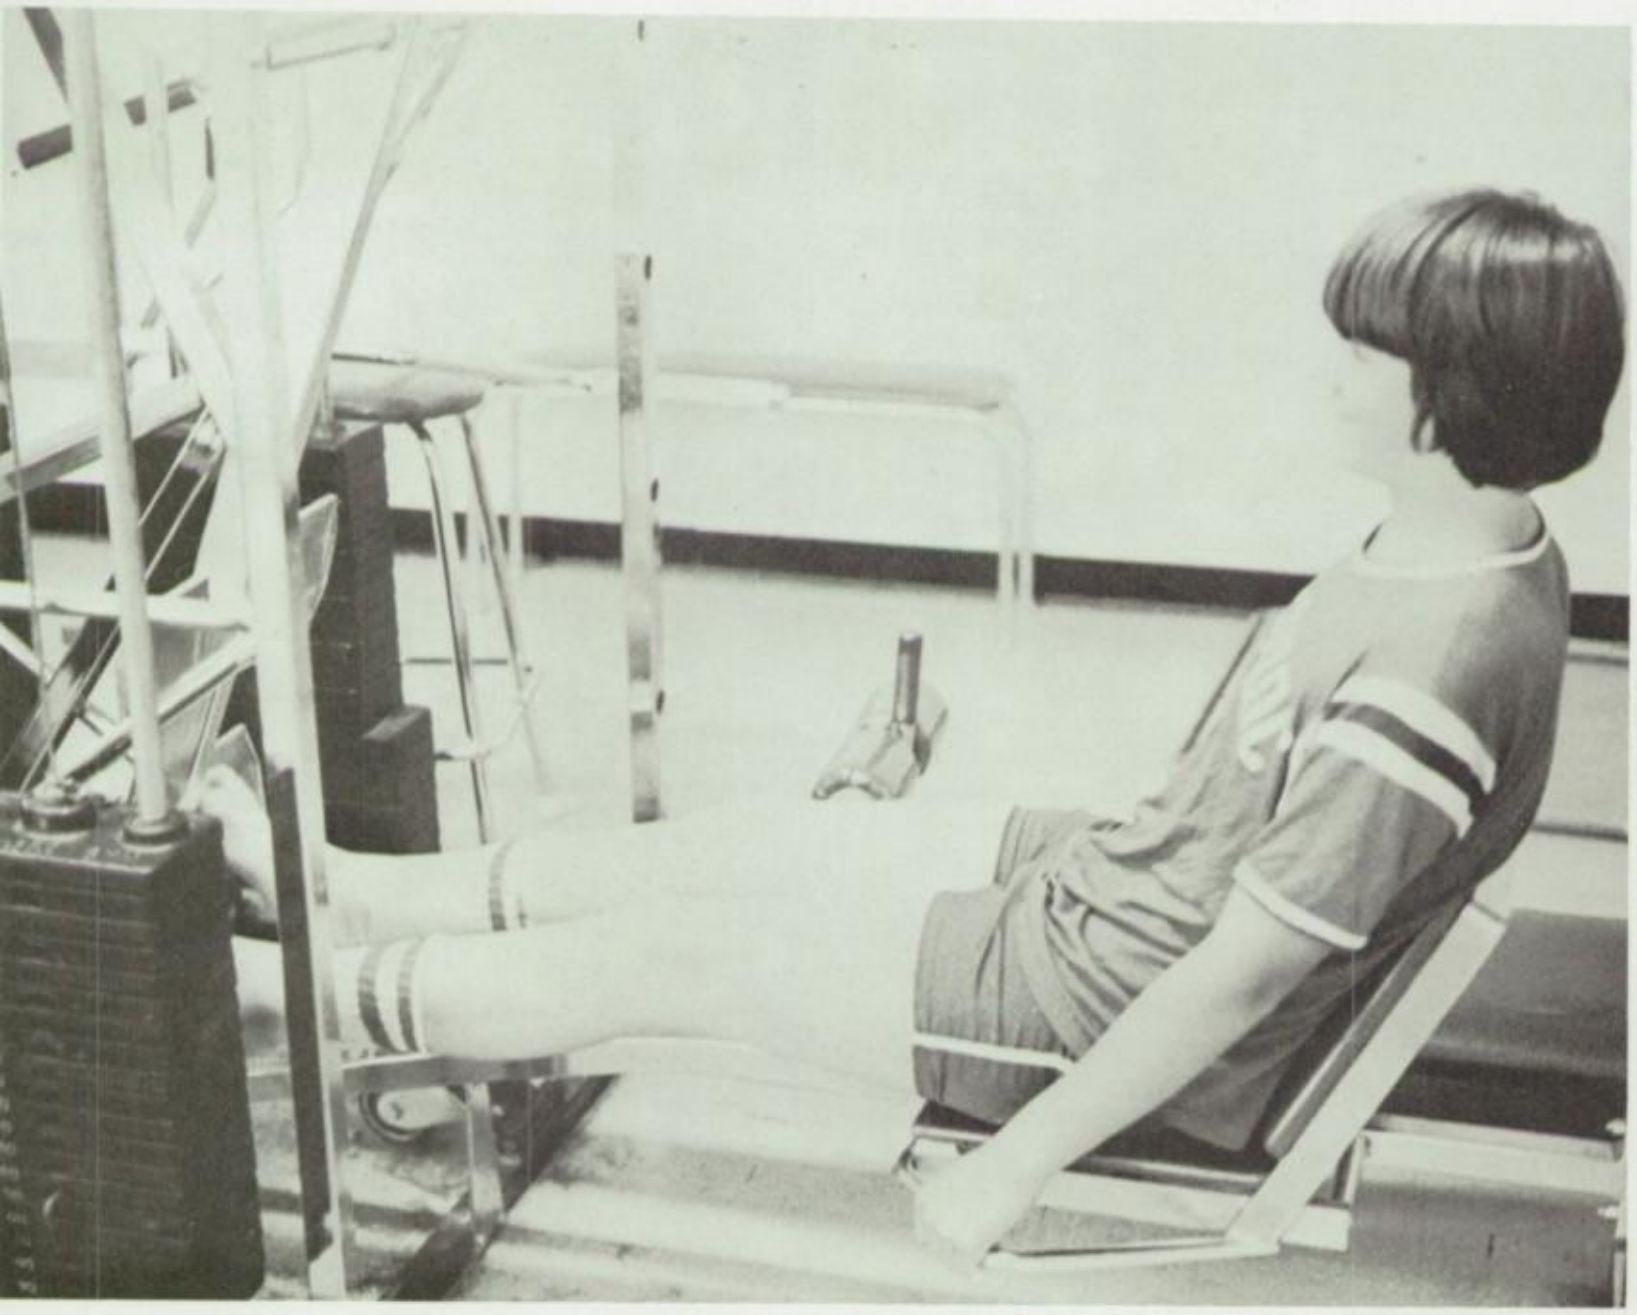
STUDIES



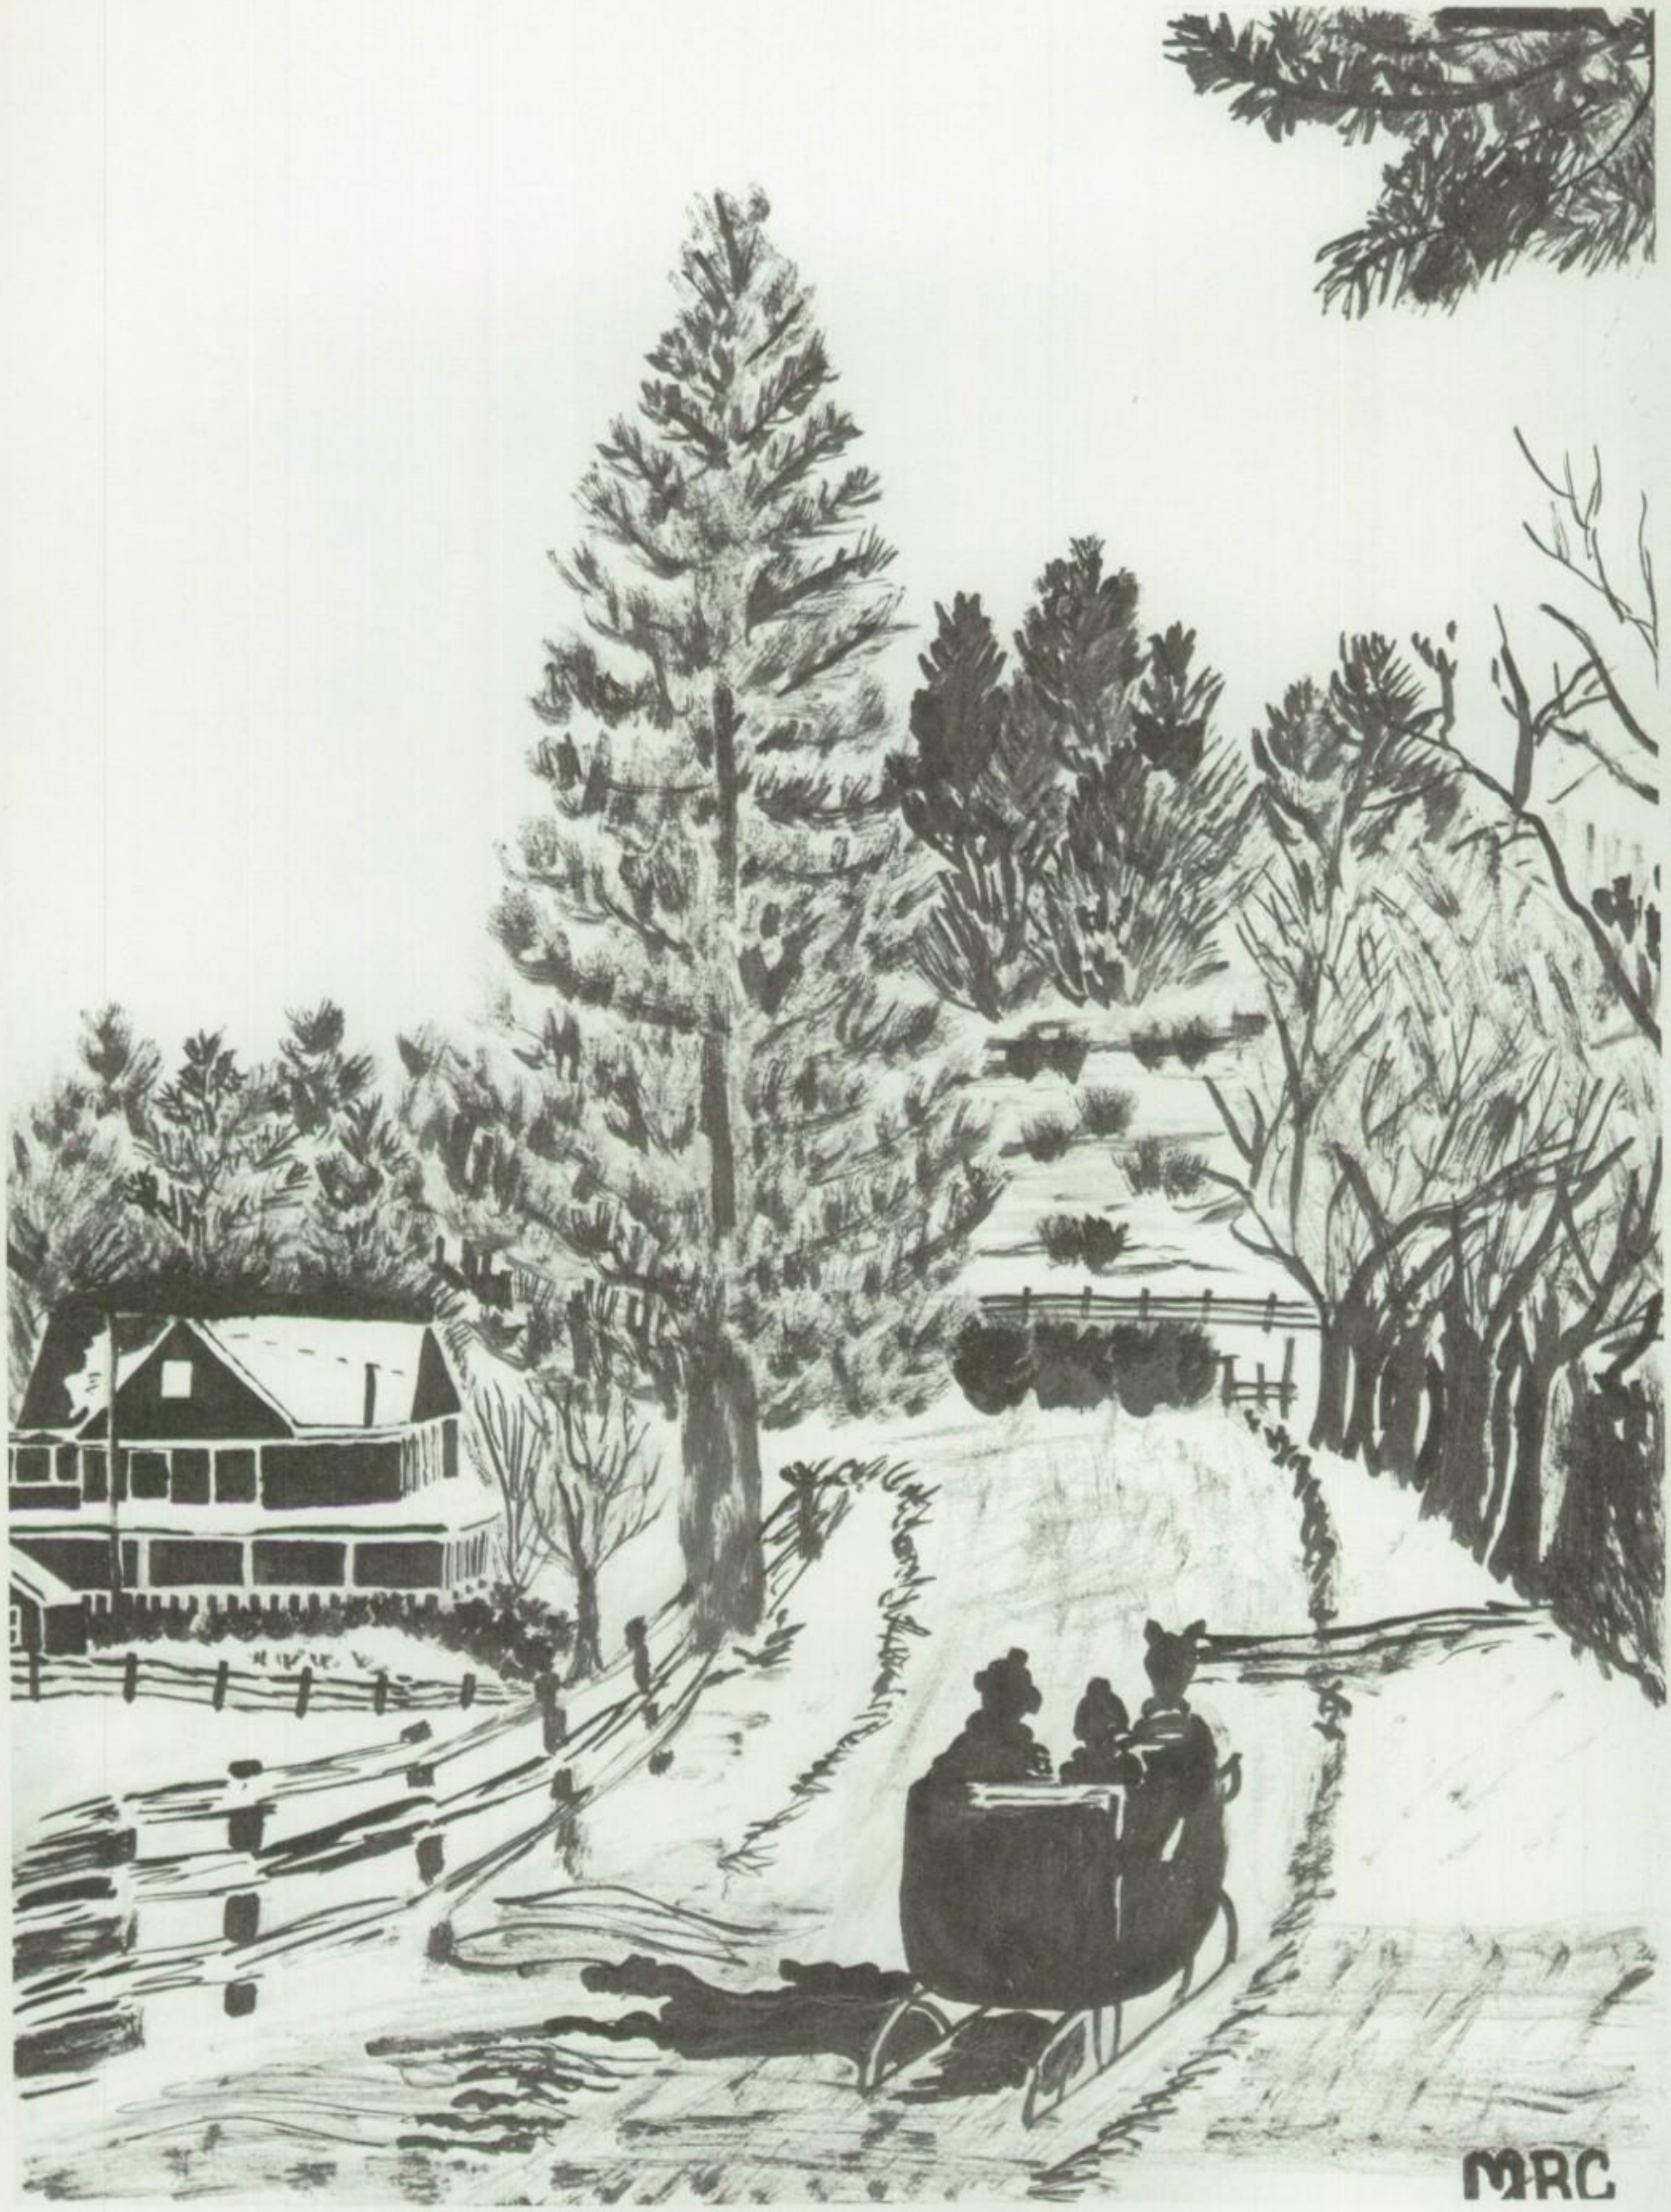


PHYSICAL

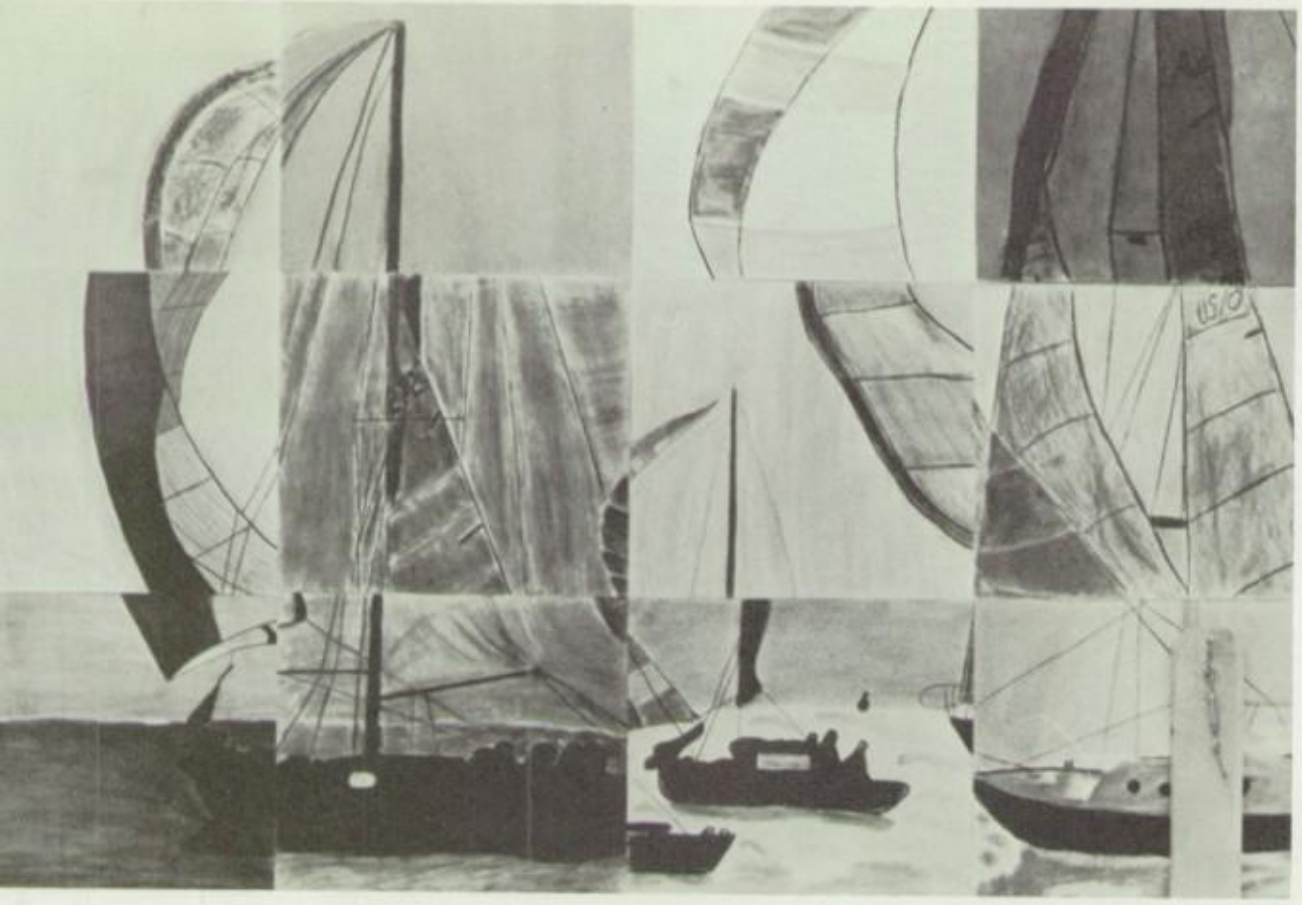
EDUCATION



We take time each day
to read of our environment,
to learn the reasons
and methods
of keeping our health,
So we can continue to learn
and to enjoy.
We take time each day
to run and play
and sweat in the hot, hot sun,
to stop our work
and rest
and enjoy what we have found



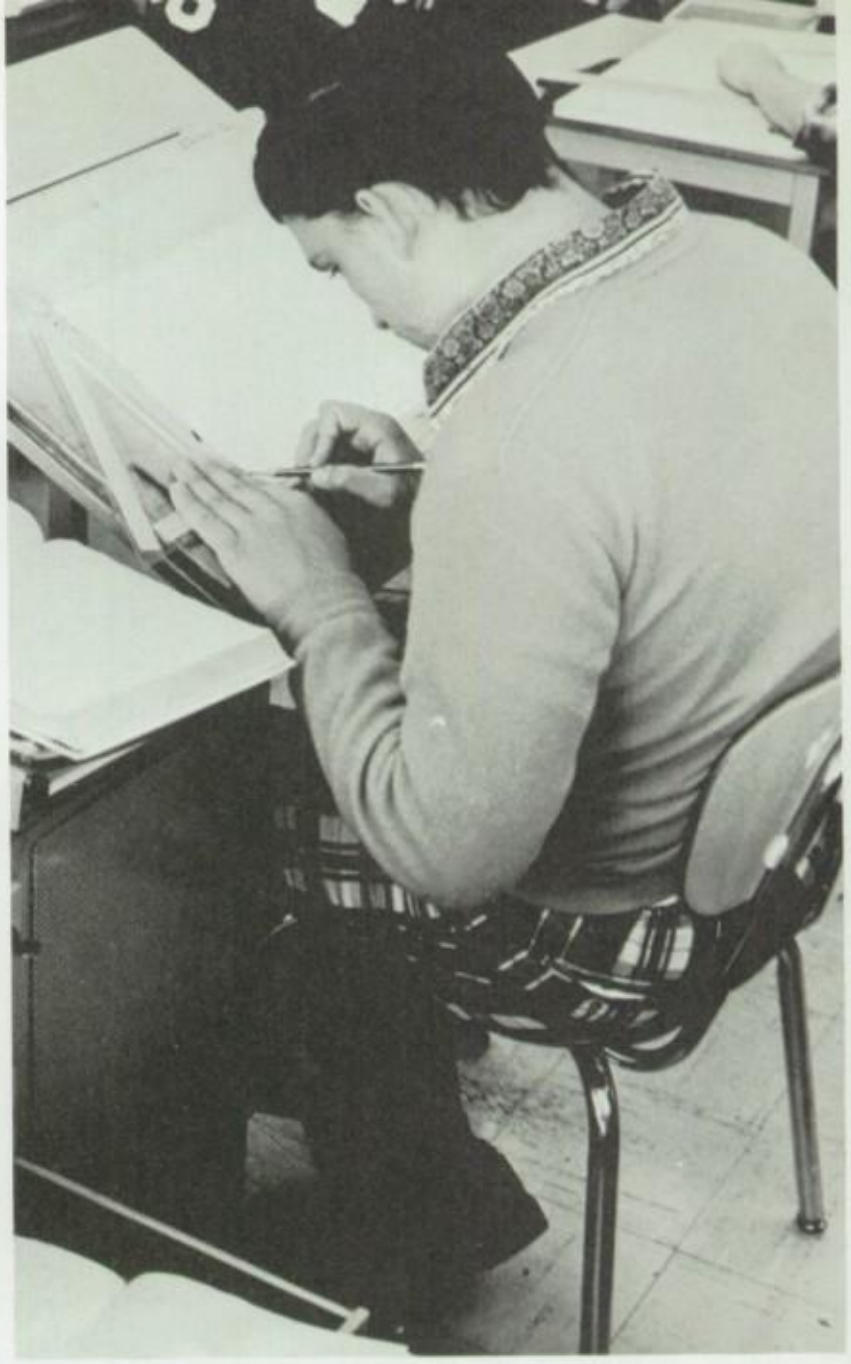
MRC



"Color my World"

Paint the world,
Paint the mind.
For what benefit
    will our discoveries bring
If they are hidden and stored
    under mattresses?

INDUSTRIAL

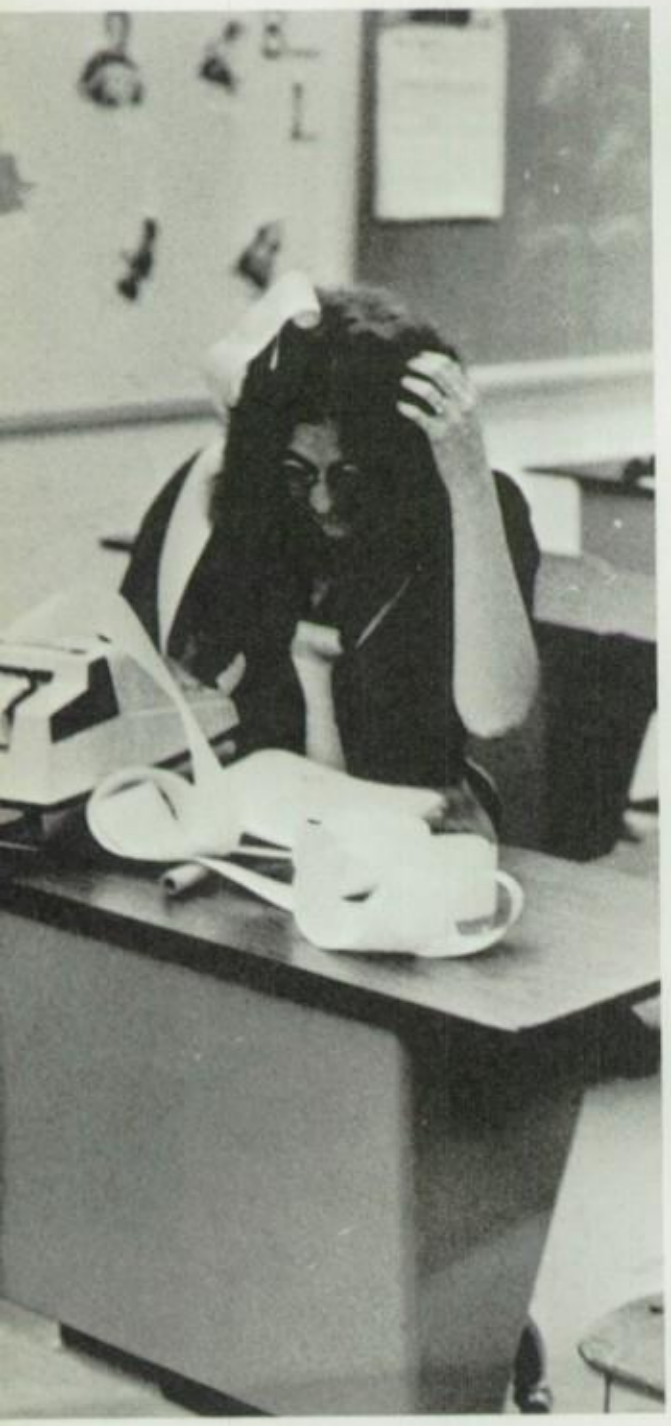


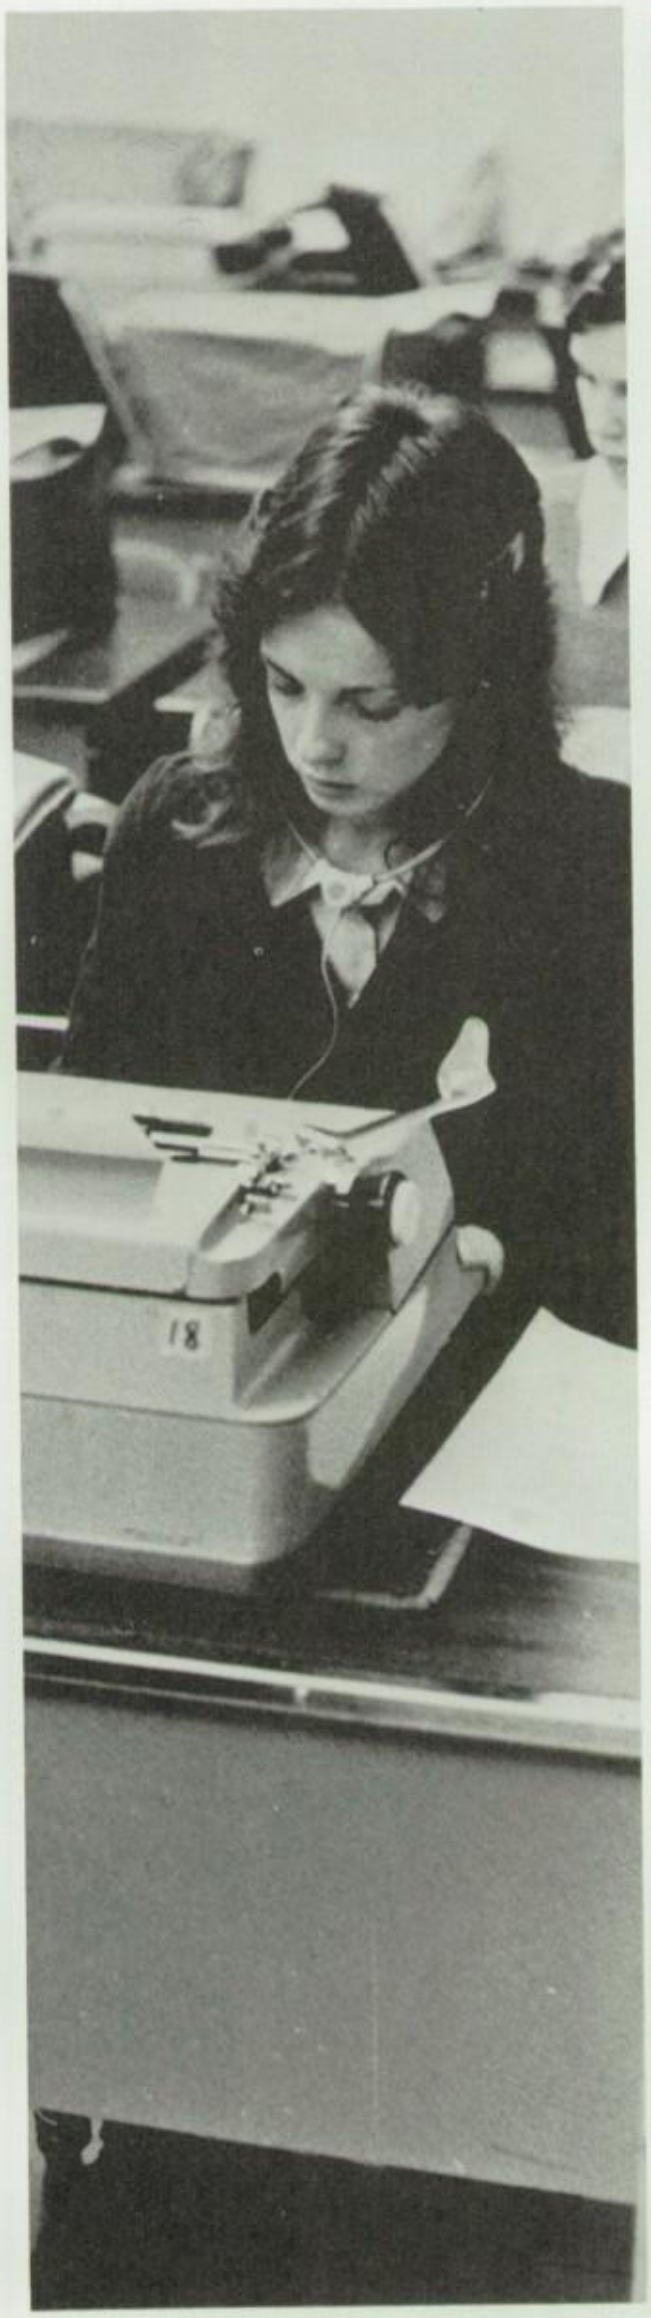
ARTS

The trials and tribulations of Mechanical Drawing:

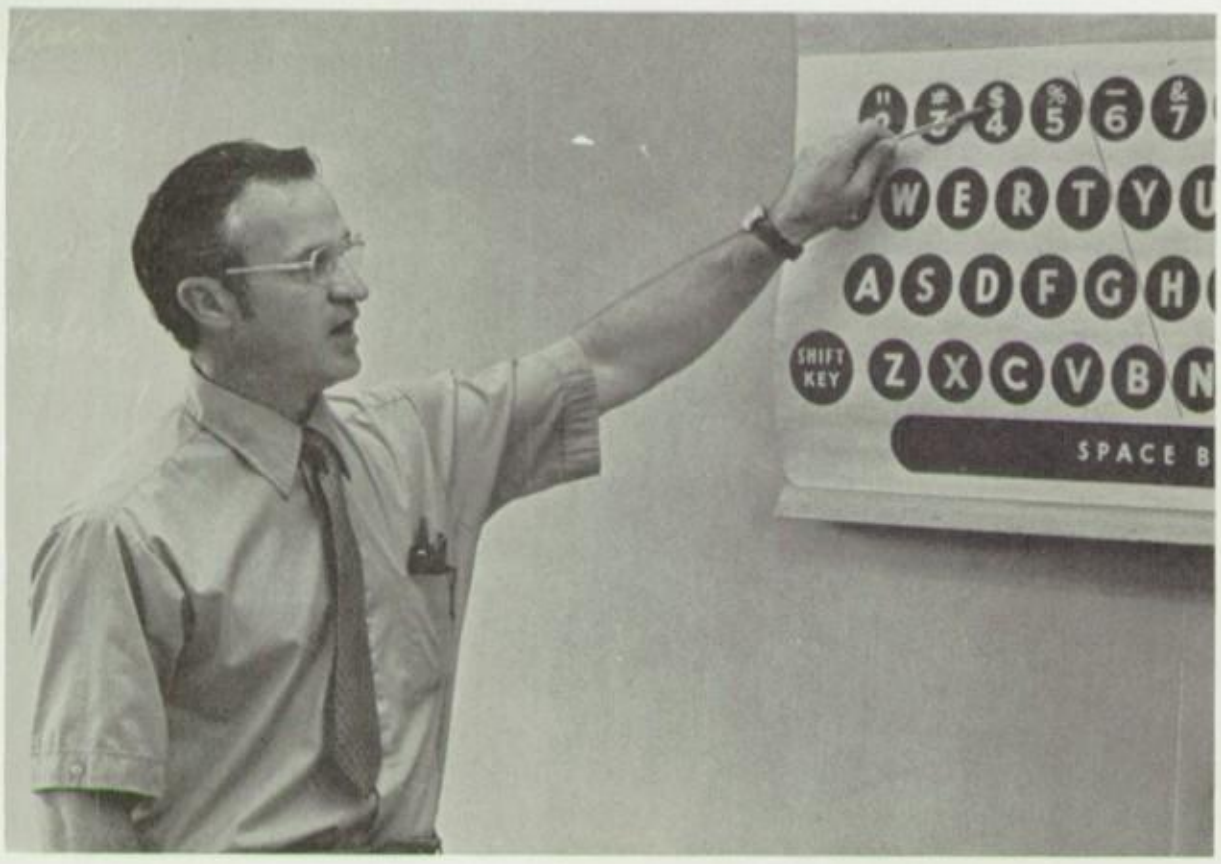
Mother told me not to take this.
Every day in here it gets a little worse.
Can't you see that it's supposed to be a line?
How come my circle looks like an egg?
Aren't you finished yet?!?! You've been drawing that line for 4½ hours
No way I'm gonna take BOX II!
Impossible!
Could it be that my T-square is bent?
And to think I could have taken Art!
Look, sure you're upset, but don't give up.

Don't you think I just ought to burn this lopsided catastrophe?
Remember how easy BOX I was?
And everything was perfect - until my pencil broke.
WHAT HAPPENED!?!?
I'll never get this. . .
Now, don't cry - Mr. Schwab will fix it.
Get those corners to meet!





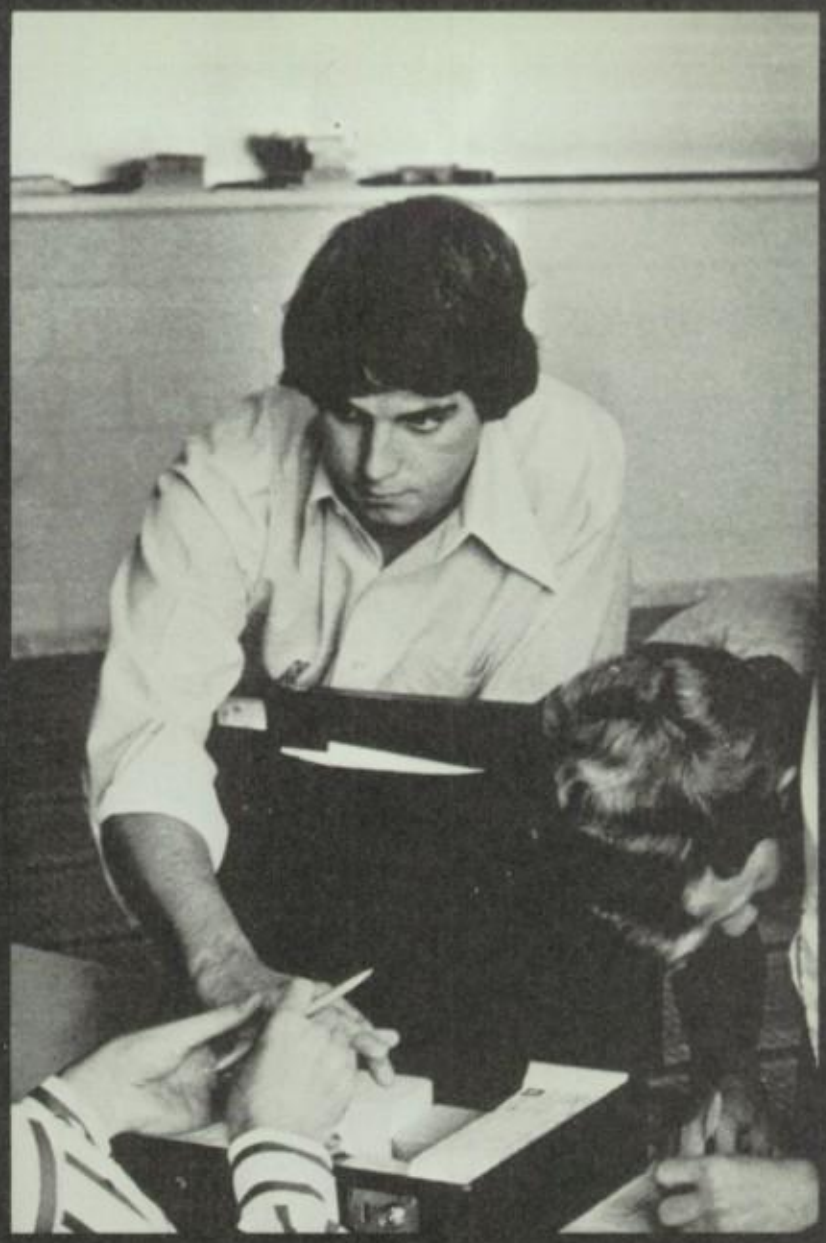
BUSINESS



Why business
We've got a plan,
a goal to work for -
to make the way a little easier.
Sore fingers stop hurting,
Shorthand seems easier,
Equations seem solvable,
When we know
where we're going.
And we know
why we're working.

Home Economics

Learning about food,
Cooking for the first time,
Ripping and sewing and hurrying
    for the finished product
    that you wouldn't wear out of your room.
But this is just a first time,
    and the first time is the hardest.
And we're willing to try, try, again
    until it becomes easy—
And we're ready to move on.



Before men invented, discovered, ruled,
They planned together.

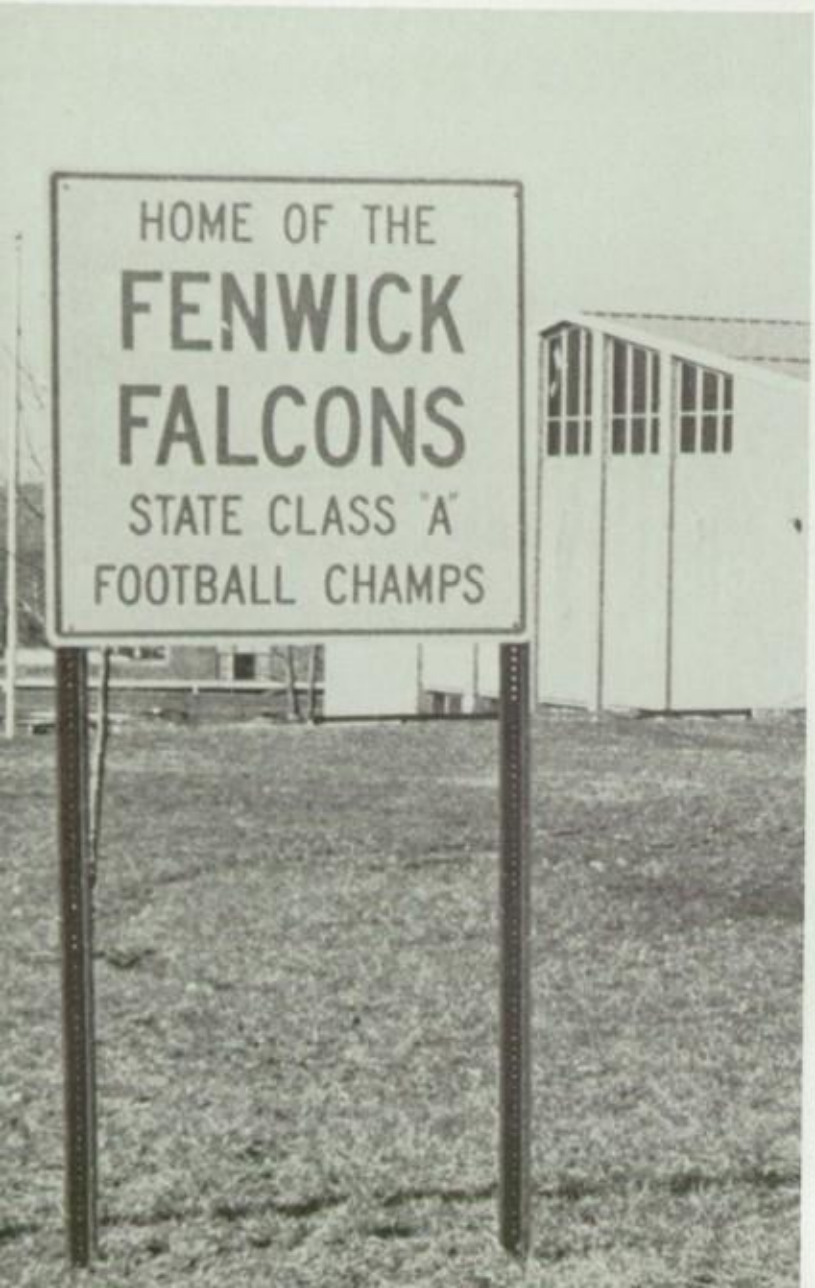
STUDENT GOVERNMENT

Student Council officers: Greg Klapheke, president; Brian Mahany, vice president; Janice Lindsay, treasurer.



To make peoples' desires
peoples' actions;
To make desires
from what had not been considered.

TURRES

As historians write history and memoirs,
And museums collect remnants of times gone by—
to preserve the past for all to benefit—
So we, too, create the yearbook.

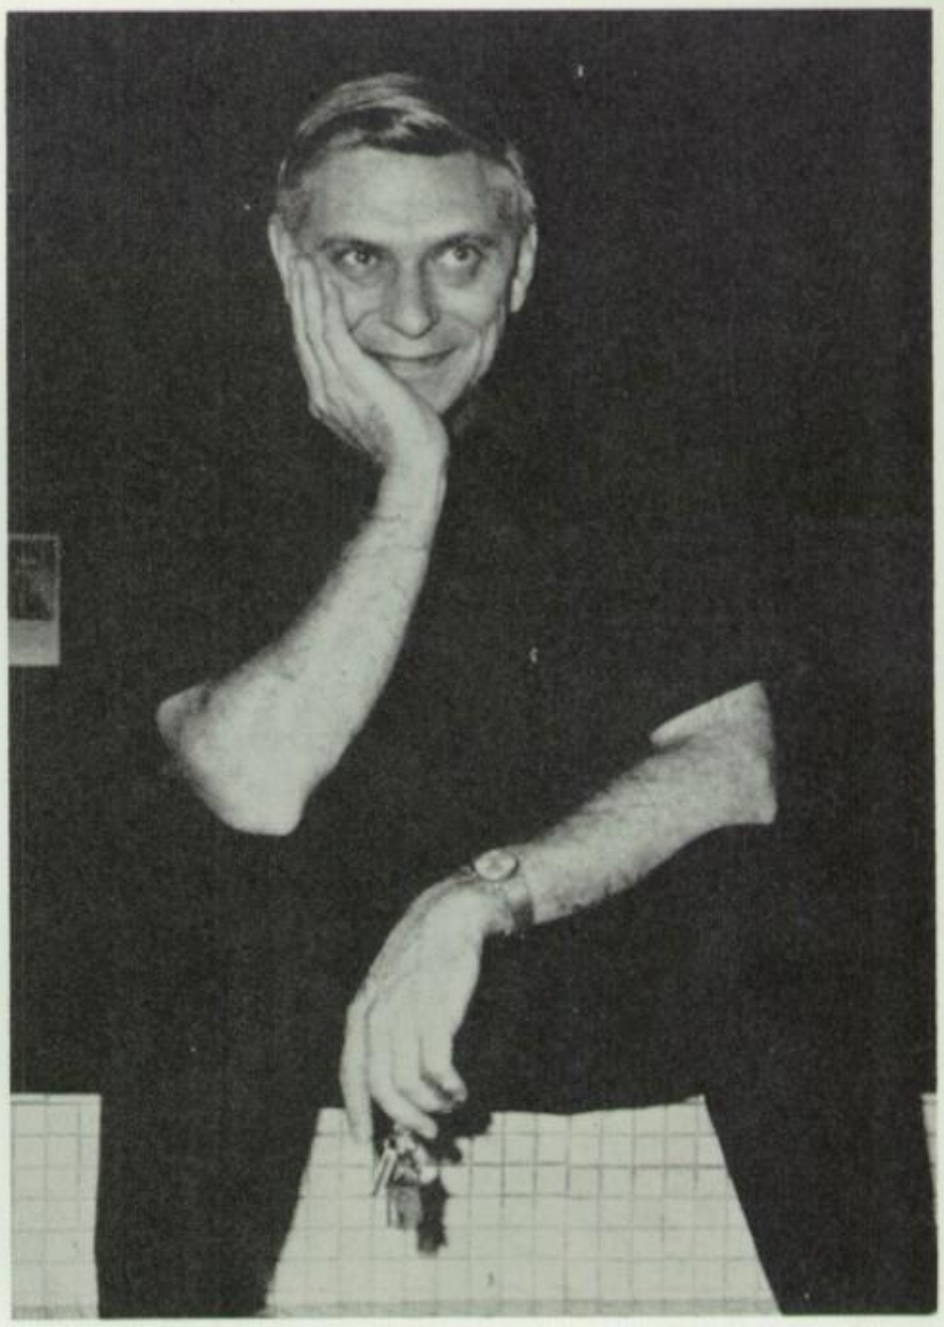
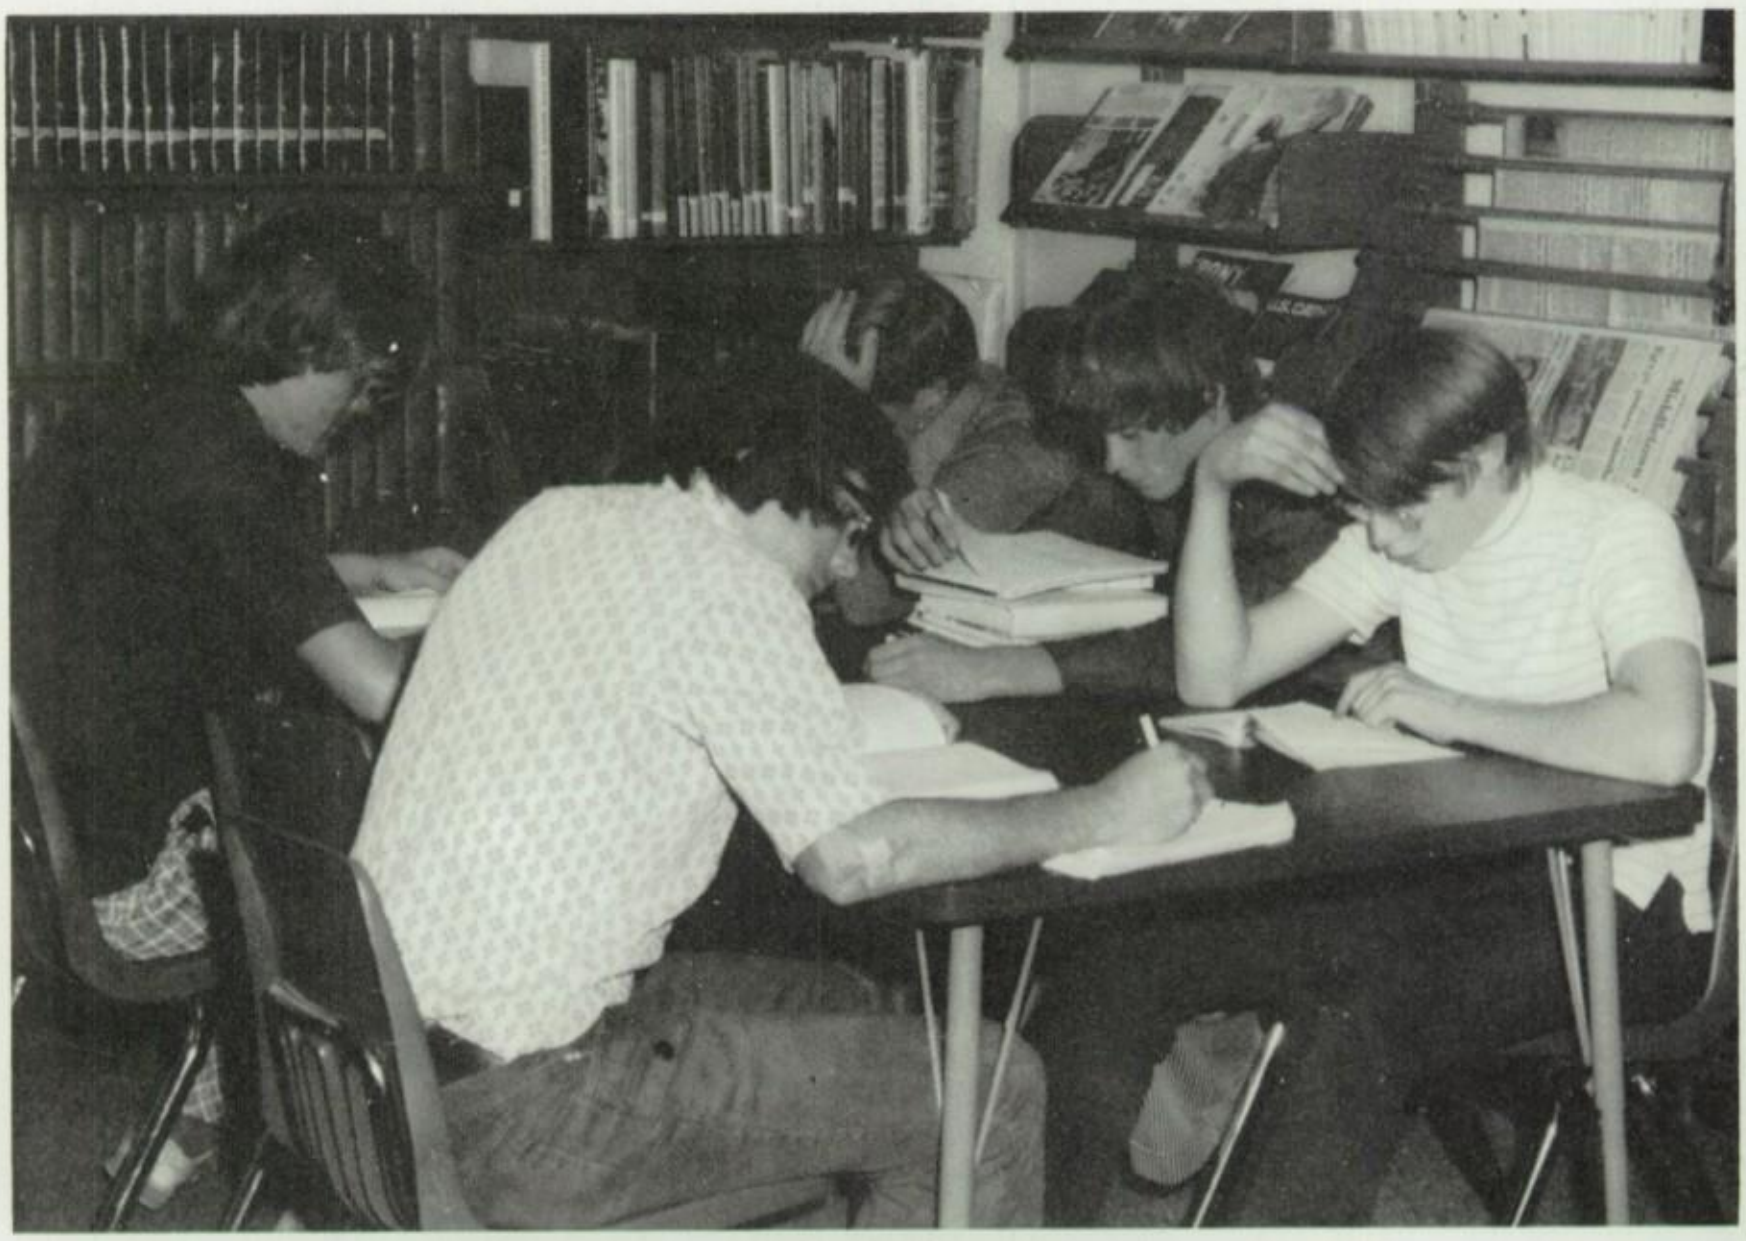
LIBRARY

Mrs. Emma Sauter



Father Bernard Bruening
Librarian



I read a book last night about how to read books.
It talked about a book, about a girl who always read books.
The books she read were about a man who writes books.
The man writes books about how to read books.
He wrote the book I read.
You can pick it up at the library.

He sighs and says,
"See my thimble - it is filled.
I have done my best; now let me rest."
He sighs and says,
"See my cup - it is filled.
I have done my best; now let me rest."
He sighs and says,
"See my bucket - it is filled.
I have done my best; now let me rest."
We sigh and say,
"We will never rest, for we wish to leave
with a dumptruck:
a hundred million thimbles,
a hundred thousand cups,
a thousand buckets."
But when it is filled, we will have
an ocean to present to our Lord.

Sweating with the
strain
you lug the
missing pieces
of the puzzle
to the board
so far away
it is lost
by the dipping of the earth.
And your back
aches and your
eyes are
heavy from
the work. But
someone passes
in the hall
and you smile
and wave
and no one
notices the fatigue
you hide in your eyes.
No one even
notices the
heavy piece
of the puzzle,
growing heavier
by the second
and weighting you
down with
worry.
No one is there to watch as
you fit the
piece snugly
in the puzzle.
No one sees
what the
piece reads.
No one notices
that it means
a Catholic education
to someone with
little money,
or spiritual
and emotional
support
to someone with
a problem.
And no one sees
the other
pieces,
the little pieces
you lugged
in one by one
by one by one
and made sure
they were safe
and strong.
No, no one notices—
until you stop
for a second
in your journeys
to rest.
And then your
stomach
tightens
and your
mind
aches
from the
screaming
and the hollering
and the questions
and the complaints
and the
"Why wasn't this done?" 's.
And you pick
up your load
again, though
your mind is
perplexed and
weary.
No, no one notices—
no one notices
when a man
doesn't scream
and shout
of his triumphs
or display
his good deeds
for all to see.
No one notices
until the man
is no longer
here to do
the jobs
we didn't
know were
done. And
then we
notice. Oh
God do we
notice!
And we're
sorry because
it's too
late to do
any more for
you than to
say thank you.
'Thank you.'

Epilogue

The world is ours—
From the first spring blade of grass
to the last autumn leaf.
But such a mystery is our property!
We journey far and low
through snow and hail
through mist and rain
To learn of this great world we so decidedly call our own.
Realizing that the mystery is not yet solved.
Hoping that it never shall be.

on and on i go
the seconds tick the time out
there's so much left to know
and i'm on the road to find out.
